Finnish Groups Outline Stands On Red Demands

Decisions Being Completed
On Russia's Request For
Military Pact

OUTRIGHT REFUSAL SEEMS IMPOSSIBLE

HELSINKI, March 4.—
Final meetings were held to-
day by Finnish parliamen-
tary groups to outline their
decisions on Russia's request
for a pact of mutual mili-
tary aid.

All parliamentary groups
are striving to put their de-
cisions before President
Juho Paasikivi before the
weekend.

Dr. Paasikivi has advised the
groups that speed is not essential
but that they must not stall on
the issue.

Telephone Lines Tapped
As nervousness continued in
Helsinki several Finns reported
the tapping of their telephone lines
and attributed the action to Com-
munist.

A telephone conversation be-
tween the correspondent and chair-
man Kauppi of the Liberal party
was tapped this morning.

Meanwhile, reflecting the nerv-
ousness of the Finns, the stock ex-
change has been fluctuating down-
ward ever since last week.

were quoted by the Daily Tele-
graph as saying they believe Fin-
land may yet prove the turning

Pa Newc Observes

Perhaps you noticed the unusual
fact that for two days in succession
this week there was no "death re-
cord" in The News. On Tuesday and
Wednesday evening there were no
deaths to report in this district.
While there is frequently a day in
which no deaths are reported here,
veteran members of The News staff
say that the occurrence this week
is the only one they can recall
where there were two days in suc-
cession without a death being re-
ported.

The atmosphere here must have
been filled with a quantity of yel-
low dust on Tuesday, the results
of which are just showing up. Am-
tombles and windows, which were
sattered with rain, were covered
with dirty rain specks.

Today's weather is probably just
a little reminder from the weather
maker that spring is not due to ar-
rive until March 21, and that winter
may linger in the lap of spring
for some little time. Real spring
weather here generally does not
arrive to stay until about the first
week of May.

Patty McCart of 226 Vine street,
reported to Pa Newc that he has
the unusual experience of feeding
at least 17 pheasants outside his
home daily. One ringneck accom-
panied by 15 or 16 hens gener-
ally collect at his home about 5
p. m. daily for their food which is
supplied by the Game Commission.

Snow covered trucks traveling
through the city from Michigan
are giving local citizens the shiv-
ers. Pa Newc is hoping with a lot
of others in the city and county
that snow shoveling days are
through until next November or
December in this area. State High-
way Department employees, never-
theless are keeping prepared as
several hundred tons of cinders are
being stored daily at the highway
garage in Nekehanock Township.

Cooperation is generally being
shown on the part of local resi-
dents in the city's current com-
munity project. Most homes in the
third and fourth wards the past

More Czech Diplomats Expected To Resign

By JOHN A. REICHMANN
(U. S. Staff Correspondent)
WASHINGTON, March 4.—A
wave of further resignations from
Czechoslovak embassies and lega-
tions outside the iron curtain was
reported shaping up today in pro-
test to the new Communist regime.
Two top Czech diplomats thus
far have refused to serve under the
Communists who forcefully took
over their homeland in the
past 10 days. One is Ambassador
to Washington Jural Slavik. The
other is Frantisek Nemez, minister
to Canada.

It was reported in New York
that Dr. Vaclav Mares, Czech com-
mercial attache, and his assistant,
Otto Kraus, also announced their
resignations. They operate in the
New York consulate.

The Czech Foreign Affairs Min-
istry, both in a trans-Atlantic tele-
phone call to Slavik and a radio
broadcast, denounced his resigna-
tion as showing "a weakness of
character." The government-con-
trolled Prague radio hinted that
Slavik had acted on instructions
from "certain quarters" in the
United States.

Despite the denunciations, action
by Slavik and Nemez is expected
to be followed by further resigna-
tions of Czech foreign service of-
ficials.

THE HAGUE, March 4.—(INS)—
Gen. Serge Ingre Czech, Czechoslovak minister to the Netherlands,
resigned his post today in protest
against Communist seizure of gov-
ernmental control in Prague.

President Will Call Cabinet On Friday Afternoon

By ROBERT G. NIXON
(U. S. Staff Correspondent)
U. S. SUBMARINE BASE, KEY
WEST, Fla., March 4.—President
Truman entered the last day of
his two weeks vacation in the
tropical island before returning
to the White House Friday morn-
ing.

The chief executive will leave
the Boca Chica Naval Air Station
at 9 a. m. (EST) Friday, an hour
earlier than previously scheduled.
He is expected back at the White
House at 2 p. m.

Even as Mr. Truman sunned
swam and rested, the lines were
being laid for his swift resump-
tion of high office.

One of his first official acts
upon returning to Washington will
be to hold a full dress cabinet
meeting.

To Meet Cabinet
Mr. Truman's press secretary
described the cabinet meeting as
"routine." It will be the first ses-
sion with his cabinet in three
weeks.

In his meeting with the cabinet,
the President is expected to can-
vas at length:

1. The communist seizure of
Czechoslovakia and the incursion
into Finland.

2. The Palestine "powderkeg."
The President means of pushing
his 10-point program of price con-
trols through the Congress.

Orchestra Arrives
In City Early Today

Indianapolis Symphony Orchestra
Here For Concert In Ca-
thedral Tonight

Indianapolis Symphony Orchestra
with Director Fabien Sevitzky
arrived in New Castle shortly after
midnight and registered in the
Castleton Hotel. The orchestra
plays tonight in the Cathedral, the
closing concert of the 1947-48 sea-
son of the Metropolitan Concert
Guild.

Wednesday night the orchestra
played in Steubenville, O., and
left that city immediately after
the concert. They will remain in
New Castle tonight, leaving some-
time before noon Friday.

At intermission time tonight the
plan of the 1948-49 season will be
presented by William G. Morgan
who has been elected president of
the Guild for the coming year. The
retiring president, L. J. Lewis
will also be presented and review
the work of the present season.

PLANS FOR 'REFORM'
IN CZECH SCHOOLS

PRAGUE, March 4.—(INS)—
Czech Communist Education Min-
ister Zdenek Nejedly announced
today plans for a widespread re-
form in Czechoslovak high schools.
In a radio broadcast to the na-
tion's students, Nejedly said:

"This will be one of my most
important tasks."
Nejedly's address followed an
earlier announcement by the in-
terior ministry disclosing that the
Communist-dominated government
is imposing its will on the nation's
people through action committees
headed by hand-picked henchmen.

New Home Damaged By Exploding Gas

Partially Constructed Dwelling Of
Jess Hogue At Rose Stop
Scene Of Gas Explosion

Escaping gas in the partially
constructed home of Jess Hogue,
R. D. 1, at Rose Stop, just off the
New Castle-Elwood road, explod-
ed late Wednesday afternoon, caus-
ing damage estimated at \$750.

Shenango township volunteer
fire department was called to the
scene of the explosion shortly af-
ter four p. m. Wednesday and was
successful in extinguishing the
fire which followed the blast. Little
damage was done by the fire.

One wall was badly damaged and
the windows blown out by the ex-
plosion. Fortunately on one was
in the home at the time of the
explosion.

According to information re-
ceived by the firemen, Mr. Hogue,
owner of the home, was in the
process of constructing the six-
room dwelling himself. Gas was
turned into the home for the first
time Wednesday and evidently an
open valve which had not been
capped let the gas pour into the
structure, bringing about the ex-
plosion, which was set off by the
small coal fires which were burn-
ing at the time.

The damage was smaller due to
the fact that the home had not
been plastered nor had the sid-
ing been applied to the outside of
the dwelling.

Highway Department
Cinder Crews Out

After a respite for a number of
days, cinder crews of the State
Highway Department were called
into action at 5 a. m. today to ash
glossy highways in the county. Wet
snow which froze to the highways
made traveling treacherous accord-
ing to Alfred Martin, superintendent
of the County Highway Depart-
ment.

At a late hour this morning, the
department had road conditions
under control and would keep ap-
plying cinders until the snow
stopped falling.

COAL TAX UPHELD

WAYNESBURG, Pa., March 4.—
(INS)—Validity of a 10-cent a ton
tax on coal was upheld today by
Judge J. I. Hook.

The tax was imposed by the
Dunkard Township School district.
Argument against the tax was
that the district adopted its budget
in May and didn't impose the tax
until October.

Declares Real Tax Cut Needed

Senator Wherry Favors Full
Six And Half Billion
Reduction

WASHINGTON, March 4.—(INS)—
Sen. Wherry (R) Neb., said to-
day he favors the full six and a
half billion dollar tax reduction
passed by the House as a cushion
against a possible business decline.

The majority whip said "I for
one am going to vote for the high-
est tax reduction that I can get."
He added:

"I shall vote for the Knutson bill
passed by the House if it is pos-
sible to get it through the Senate
and pass it over a presidential
veto."

Increasing Difficulties
Wherry said "the people of this
country are tax conscious" and
that small businessmen are having
increasing difficulties.

Asked whether he thought suf-
ficient Democratic votes could be
obtained to pass the House bill
over a veto by President Truman,
Wherry replied:

"I don't know. But let the Demo-
crats make a political issue of the
matter if they want to. I am con-
vinced that we have got to have a
real tax cut, and not just peanuts."

Senate Republican leaders who
are calling the signals on tax legis-
lation do not believe the House bill
can be passed over a veto. They
intend to lower their sights to a
four and a half to five billion cut
with the conviction that it will get
through.

Arabs Wipe Out Seventeen Of Haganah Patrol

JERUSALEM, March 4.—(INS)—
Arabs wiped out 17 members of
a 23-man Haganah patrol today—
including one American—and
wounded three of the six militiamen
who managed to escape.

The Haganah patrol was en-
route to attack an Arab national
committee headquarters and was
comprised mostly of university
students.

The American slain was 21-
year-old Noah Grossman, son of
the prominent American-Hebrew
poet Rueben Grossman, now in Tel
Aviv, who translated Shakespeare
into Hebrew.

Presents Red Cross First Aid Kits

Red Cross chapter chairman Dr. Wilbur E. Flannery (left) presents the first emergency first aid kit to Harry Clifford at last night's meeting at the Chapter House. Richard Davis, city councilman, and director of safety, is at the right.

These kits will be placed in the
cars of the club members, and will
form a mobile unit in the county,
capable of answering emergency
calls anywhere to render assis-
tance. These kits, with appropriate
flags for the autos, have been or-
dered for some time and arrived
here recently. It is another step
to keep the Red Cross alert and

poised for its job in the county.

Economic Aid Not Sufficient To Check Reds

Lt. Gen. Wedemeyer De-
clares Military Aid Must
Also Be Given

GIVES TESTIMONY ON CHINESE AID

By WILLIAM L. UMSTEAD
(U. S. Staff Correspondent)

WASHINGTON, March 4.—
Lt. Gen. George C. Wede-
meyer told Congress today
that "we are going to pay in
blood" if the spread of Com-
munism is to be halted.

He said that American military
aid should be given to all countries
facing the Communist threat.

Wedemeyer declared that he
does not believe "dollars will stop
Communism anywhere in the
world." He added:

"If we are going to stop this
(communist) conflagration, we
are going to pay in blood."

Makes Views Known
The high ranking staff officer
made his views known today while
testifying before the House For-
eign Affairs Committee on the
Chinese aid program.

Wedemeyer led American forces
in the Chinese theater during the
war and recently made a first-hand
investigation of conditions in
China. His official report to Pres-
ident Truman has never been made
public.

Wedemeyer said:
"I believe we should give mili-
tary aid to all countries and peo-
ples whose political and economic
structures are compatible with ours

State Police Surprise Trio Staging Holdup

(BULLETIN)

POTTSVILLE, Pa., March 4.—
(INS)—A bandit who escaped
a state police trap which
snared two others during a
holdup at the Colitz Colliery
at Pottsville today was cap-
tured at Homestead, near Tam-
agua, police reported.

Sgt. William Keuch, of the
Schuylkillhaven detail said the
man was identified as Frank
Politz. Politz escaped with \$150
from the Colitz Coal Company
office, was apprehended by po-
lice from the Wyoming Bar-
racks as he walked along a
highway, Keuch said.

POTTSVILLE, Pa., March 4.—
(INS)—State police scoured the
woods in Pottsville today for a
wounded bandit who managed to
elude their trap which snared his
two confederates.

The three holdup men were sur-
prised as they staged a robbery at
the colliery office of the Colitz
Coal Co. All three were wounded
in a furious gun battle, and two of
them were captured.

The arrests were made last night
after an all-day watch by officers,
who believe the gang has been re-
sponsible for more than a score of
holdups during the past months.

State police from the Wyoming
barracks at Wilkes-Barre and from
the Frackville and Schuylkill
Haven barracks participated in the
battle.

Czech Political Refugees Cross German Border

Some 800 Have Entered Bavaria
Since Soviet Coup Two
Weeks Ago

MUNICH, March 4.—(INS)—
Bavarian government officials dis-
closed today that some 800 Czech
political refugees have already
crossed the German border since
the Communist coup two weeks
ago.

They said they expect the num-
ber to reach 2,000 within the next
few days.

Most of the refugees, officials
said, are large land owners, and
millionaires. They are being
screened by the U. S. military gov-
ernment, and are then turned over
to the Germans for billeting.

Officials said that because of the
great housing shortage, many of
the refugees have been billeted
with German expelled earlier by
the Czechs from Sudetenland.

They fear this may lead to ser-
ious trouble, since most of the
Germans loathe Czechs.

German authorities are now
working on plans to billet the
Czechs in camps vacated by former
enemy nationals.

Governor Dewey Accepts Support

Lashes Out At "Incom-
petency" Of Truman Ad-
ministration In Mak-
ing Statement

ALBANY, March 4.—(INS)—
Gov. Thomas E. Dewey today lashed
out at the "incompetency" of
the Truman administration as he
formally took the wraps off his
campaign for the Republican
presidential nomination.

The governor made his state-
ment in a telegram in which he
accepted support of the 27 dele-
gates pledged to him in the April
7 primary in Wisconsin.

He charged that the "quarrel-
ling" Truman administration
threatens the nation with "ruin-
ous inflation" by "profligate
waste" of public funds.

Incompetent Program
The governor added that the ad-
ministration's conduct "of both our
domestic and foreign affairs has
been so weak and incompetent that
it has failed in both fields."

Dewey's telegram was in re-
sponse to one he received yester-
day from his Wisconsin slate, in-
forming him that their petitions
have 98,101 signatures.

Principal rivals in the Wisconsin
primary will be General Douglas
MacArthur, Harold E. Stassen and
the New York governor.

It will follow by nearly one
month the March 9 primary, in
test for New Hampshire's eight
which Dewey and Stassen will con-
sider delegates.

Schuman demanded the vote,
which is expected to take place
Monday, on his government's anti-
inflation program.

He told the national assembly
this morning that he will stake
the existence of his "third force"
regime on approval of the anti-
inflation program which is threat-
ened by 72 "hamstringing" amend-
ments.

Has Fears
Schuman acted only eight days
after his shaky government won
its sixth vote of confidence in the
assembly by a slim margin.

Schuman fears that the amend-
ments proposed by various legisla-
tors will pull the teeth from the
law which gives Frenchmen a
choice of subscribing to a forced
loan or paying a super-tax on their
profits.

The premier said he wants de-
bate on the amendments to take
place before the end of the week,
after which he will ask another
confidence vote.

French Premier Seeking Vote Of Confidence Monday

again today on a vote of con-
fidence.

inflation program.

ened by 72 "hamstringing" amend-
ments.

King Michael Charges He Was Forced To Quit

Issues Statement In London
Renouncing Abdication
As Romanian King

OUSTED ON RED ORDERS, HE SAYS

By JAMES E. BROWN
(U. S. Staff Correspondent)

LONDON, March 4.—King
Michael proclaimed himself
still the ruling sovereign of
Romania today and charged
he had been ousted on orders
of Soviet Russia.

Michael did not mention
the USSR by name but said:
"This act (his abdication)
was imposed upon me by
force by a government in-
stalled and maintained in
power by a foreign coun-
try."

The youthful sovereign issued a
formal proclamation renouncing
the abdication forced upon him by
the communist leaders of Romania
on Dec. 30, 1947.

Announcement Made
His announcement came a few
hours after Michael's arrival in
London from Paris with his moth-
er, Princess Helen.

King Michael's rebuff to the
communists came after a highly
significant state luncheon at Buck-
ingham palace.

On this occasion Great Britain's
royal family inferentially recog-
nized his legal status as king despite
the abdication forced upon him by
table-thumping Soviet deputy for-
eign minister Andrei Vishinsky in
Bucharest.

Britain's royalty turned out in
force for the occasion.

Present in a state dining room
of the palace were King George
and Queen Elizabeth, Queen Moth-
er Mary, Princess Elizabeth and
her husband the Duke of Edin-
burgh and the Duchess of Kent.

Abdicated Under Pressure
Michael, the last surviving mon-
arch in the Soviet sphere of Eu-
rope, issued his abdication pro-
clamation on Dec. 30, 1947.

Declares Finnish People Opposed To Soviet Pact

HELSINKI, March 4.—(INS)—
Eighty per cent of the Finnish peo-
ple were described today as op-
posed to the signing of a mutual
assistance pact with Russia.

The extent of opposition by Fin-
landers was pointed out by Osmo
Peltonen, chairman of the Finnish
parliament's foreign relations com-
mittee.

Peltonen made known his views
in an article written exclusively
for International News Service.

He explained that the Social
Democratic party of which he is a
leader is the strongest in Finland
and has the closest contact with
the Finnish people.

Peltonen said that the Finns ac-
tually "want no part" of a pact as
proposed by Soviet Premier Joseph
Stalin. He minimized the danger
of communist absorption at this
time, adding that "the only way
for Finland to be drawn entirely
into the Soviet orbit would be for
the Russian army to come into
Finland."

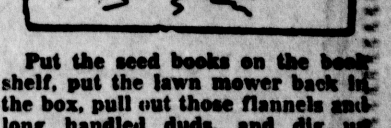

ERIE STRIKE CONTINUES

ERIE, Pa., March 4.—(INS)—
ERIE forts by company and union
officials to end the four day old Ham-

newed today.

The strike involves some 1,500
workers at the plant.

Hammermill is one of the world's
largest producers of bonded paper.

Fourteen Boys Are Discharged After Hearings

Fourteen youths who were charged by Chief of police Robert D. Hanna with malicious mischief, after an attack on an Alligipia bus, February 10, night, at George Washington Junior High school were discharged for insufficient evidence by Alderman James C. Brice, following a hearing Wednesday night.

According to the alderman, there was no direct evidence that the boys had participated in the attack on the bus which was damaged to the extent of \$217.

The boys discharged were as follows: Robert Sessions, Mahoning avenue; Vincenzo Francis, Friendship street; Marvin Leiby, Sumner avenue; Raymond Peluso, Elizabeth street; George Gunn, Etna street; Robert Miller, North Mill street; Don Waters, East Washington street; Gilbert Disen, Englewood avenue; Paul Simpson, West Madison avenue; Eugene Nelson, Hazlecroft avenue; Kenneth White, East Leasure avenue; Raymond Taylor, West Grant street; Ralph Hughes, Edgewood avenue and James Joseph, Hamilton street.

In Memoriam

In sad but loving memory of Edward F. Callahan who passed away 4 years on March 4, 1944. "Always a lonely heart ache, mingled with a bitter tear. But always a loving memory of one we loved most dear. To have, to love, and then to part, is the bitter sorrow of our heart. Memories are treasures that the world cannot steal. And death is a heart ache the world cannot heal. Sadly missed by those that love him. Parents, wife, and children, brothers and sisters. 14c

closed that they would support Belgium's motion, which also calls for a Big Five consultation on the Holy Land and ignores the U. N. partition plan.

Meanwhile, the American delegation probably will turn to Washington for further instructions in view of Canada's announcement. The only major power which so far has announced support for the American demand that the Security Council accept the U. N. partition plan and thus assume responsibility for its implementation is Russia.

That means that the Ukraine also will vote for it, but the line-up in the opposition camp now includes China, Canada, Argentina, Colombia, Belgium, Britain and Syria. France is silent.

France has alone remained silent among the Big Five in the council. In the General Assembly, France voted for the U. N. partition plan. The default by Canada has given rise to rumors that some of the U. N. member nations might apply to Secretary-General Trygve Lie to convene a special session of the General Assembly.

A formal demand of this nature would compel Lie to circulate the question to all member nations and empowered him to call the special session if two-thirds replied in the affirmative.

Consideration of such a move has been charged primarily to Colombian delegate Alfonso Lopez, whose resolution for a special session on Palestine was withdrawn in the council after the United States displayed opposition.

The Security Council is scheduled to meet tomorrow morning to resume its deliberations. Camille Chamoun of Lebanon is expected to make a statement delayed by his illness.

It is generally believed that the council can reach a vote on both the Belgian and American motions by tomorrow afternoon.

May Cancel Aid To U. S. Students In Prague School

WASHINGTON, March 4.—(INS)—The United States is considering cancelling financial aid to American students who are studying at Charles University in Prague under the GI education bill.

A state department spokesman said today the department is negotiating on such a step with the Veterans Administration.

He said a final decision has not been reached.

Reports from Prague said that at least one American student has withdrawn from Charles University. The student said that professors were being replaced by those following the Communist line of thought and the Marxist doctrine.

two days have had sizeable boxes of cans and other waste on the curb awaiting the arrival of disposal trucks.

Traveling through the rural areas, Pa. Newc finds that the old time windmills are getting scarcer and scarcer. A few years back one of the old time windmills dotted numerous farms. They have given way to electricity as a means of furnishing power for the farm.

Highways adjoining the city will come in for their share of mending and other fixing in the very near future. The State Highway Department is awaiting good weather before beginning the local projects.

With the coming of warmer weather and good days ahead, local motorists are urged to be more cautious than ever in traversing local streets. More boys and girls are found outdoors following school hours and sometimes busy streets are chosen as playgrounds by the children who do not realize the danger there exists in the practice.

Numerous cars using the streets of New Castle during the night hours are found to be driving with only one headlight contrary to state law which requires two lamps in front of motor vehicles. Some of the vehicles also have no illuminated tail light which is a dangerous situation.

City bus drivers are still finding it difficult to get local bus riders to use the center doors of the buses which are equipped with two means of exit. Most of the riders walk from the rear of the bus to the front and leave by that door, causing much delay in loading the buses during peak periods.

Information is being sought as to the present whereabouts of Mrs. Edgar Erdos or Erdos, who formerly resided on Croton avenue around 1914. Anyone knowing of the whereabouts of Mrs. Erdos is asked to write to Mrs. Evelyn Wollet, 317 Cleveland street, Youngstown 2, Ohio.

Several rabbit traps have been stolen from the back yard of Arthur Erdos, Northview avenue, E. D. 2, according to a report received by Pa. Newc. Those traps should be returned to the Erdos home as they belong to the state game warden.

point in the Soviet Union's "cold war" in Europe.

(They pointed to the fact that only a small majority of Finland's parliament is in full accord and that other members appear strongly opposed to conclusion of any pact which might give the western powers reason to feel Finland is being absorbed into a hostile eastern bloc.)

Outright Refusal Impossible

Outright refusal of the Finns to discuss the pact with the Russians appear an impossibility. Nevertheless, many quarters appear to be desirous of placing limitations on any delegation empowered to discuss a treaty with Russia.

It appears that Rightists especially want to limit the immediate steps which any Finnish delegation can take in initial talks with representatives from Moscow.

Principal concern is reported due to fears that the nation might find itself committed to measures far beyond which the majority of Finns might wish its government to go.

Communists in Helsinki and elsewhere throughout the country meanwhile worked for additional support by worker groups on behalf of an accord along lines suggested personally by Soviet Premier Stalin.

Communist leader Mme. Herta Kuusinen remained in the forefront of activity which included the staging of mass meetings for the purpose of explaining the supposed advantages which will accrue to Finland through early conclusion of a pact.

President May Intervene In Packers Strike

(Continued from Page One)

CHICAGO, March 4.—(INS)—The possibility that President Truman may intervene and use the Taft-Hartley law as a means of preventing the scheduled nationwide strike of 100,000 meat plant workers appeared likely today.

The strike of CIO United Packinghouse Workers is scheduled for 12:01 a. m. Thursday, March 10, in 80 major meat packing plants throughout the nation.

Labor experts pointed out that Mr. Truman could act under a provision of the new management-labor law which states that, if the President in his judgment finds that the strike may affect national health and safety, he can request the U. S. attorney general to seek an injunction delaying the strike for 90 days.

KING MICHAEL CHARGES HE WAS FORCED TO QUIT

(Continued from Page One)

lamentation from Bucharest's Cotroceni palace under obvious pressure from Moscow.

In it he said that "the institution of the monarch does not correspond to the conditions of our state's life because it is represented as a serious impediment to Romania's development. I leave it to the Romanian people to choose the new state form."

Premier Petru Groza promptly followed this by announcing abolition of the monarchy.

His decree was passed 236-0 by the Romanian rubber-stamp parliament and Groza immediately introduced state "reforms" aimed at "freeing Romania from the yoke of the big landowners."

Michael's proclamation, now formally repudiated, renounced the throne for himself and his family—the Hohenzollern-Sigmaringens.

He and his small entourage left Bucharest shortly afterward for Louisiana, where he was joined by Princess Anne of Bourbon-Parma, whom he is expected shortly to marry.

Altogether Communists

The king bitterly attacked communism and the Soviet regime.

He said flatly that his abdication was imposed by a government "installed and maintained in power by a foreign country."

His proclamation said: "At the present moment it is no longer necessary to insist upon shielding the circumstances and causes of certain political events. The motives of profound political changes imposed on the small states of eastern Europe already are too well known."

"So far as Romania is concerned, I want to avail myself of this opportunity personally to confirm the facts as they happened."

"On the morning of Dec. 30, 1947, Premier Petru Groza and members of the Romanian cabinet presented me with the text of my abdication, urging me to sign at once."

These men came to the royal palace after it had been surrounded by armed detachments.

Given Time Limit To Sign

"They informed me they would hold me responsible for bloodshed which would follow as a consequence of instructions already issued by them in case I did not sign within the time limit."

"This act was imposed upon me by force by a government installed and maintained in power by a foreign country, a government utterly unrepresentative of the will of the Romanian people."

"This government has violated international pledges binding them to respect the political freedom of the Romanian people."

"It has falsified elections and annihilated democratic and political leaders who enjoyed the confidence of the country."

"Removal of the monarch constituted a new act of violence in the political enslavement of Romania."

"In these circumstances I do not consider myself bound in any way by this act imposed upon me."

"With unshaken faith in our future and animated by the same devotion and will to work, I will continue to serve the Romanian people with whom my destiny is inextricably bound."

Read Statement

King Michael read his statement to a new conference at Cluj's hotel.

Attired in a dark gray business suit, he walked rapidly into the conference room and stood in front of the fireplace. He read clearly but nervously from the piece of paper in front of him.

An aide then handed copies to correspondents who attempted to ask questions. The aide bluntly said: "This isn't a press conference."

A short while afterward, Michael left the room to prepare for his departure for the United States aboard the Queen Mary tomorrow.

Brooder House Destroyed By Fire

Union Township and New Castle firemen responded to a call from the home of John Barley, of Route 422, near Parkstown Corners at 7:10 o'clock this morning, when a brooder house, with 200 small chicks was destroyed by fire.

The Union township firemen took care of the situation, and while the brooder house was destroyed, due to the blaze getting out of control due to a strong wind, they prevented the fire from spreading to adjoining buildings.

or who are striving against a totalitarian way of life."

In response to a question by Rep. Kee (D) W. Va., Wedemeyer declared that he would not recommend furnishing China with assistance unless it was backed by military aid.

Economic Aid Not Sufficient

"Today economic aid alone would not suffice. I'm afraid it's too late."

Wedemeyer, who also cited as chief of staff to Generalissimo Chiang Kai-Shek during the war, did not confine his views to China, however.

Referring to the Communist coup in Czechoslovakia, he declared: "This vast movement which has been successful in Poland and now Czechoslovakia and which bids fair to be equally successful in Finland is sweeping down from the north and if we in America intend to put a stop to that, we cannot do it entirely with economic aid."

Wedemeyer said that the world is now full of "powers vacuums" because of the defeat of some of the major powers during the war. The vacuums must be filled, he declared, or unfriendly powers may move in.

The three-star general declared that China is "worthy of our help."

"I don't think we should create strength economic or otherwise, that is not protected by appropriate military support."

officers saw the trio making a survey of the Colitz Breaker, they were convinced the robbery would be there. Frank Colitz, one of the owners, was warned, and he consented to be part of the dangerous act.

The bandits returned at 6:30 p. m. and found Colitz in the office, forcing him to turn over \$190. At a signal from officers outside, Colitz threw himself to the floor, and the police opened up with a barrage of fire.

One of the captured men, Joseph Rogers, 45, of Wilkes-Barre, who was waiting in the bandits' auto, drove off when the firing began, but was finally nabbed in an ensuing bullet-punctuated chase which whizzed along Pottsville's main street. He was taken to Pottsville hospital, with a bullet wound in the left leg.

Harry Turkes, 29, also of Wilkes-Barre, was felled by state police bullets at the scene. He was taken to Good Samaritan hospital with a bullet wound in his arm.

The other man fled to the woods with his gun blazing away in one hand and the loot in the other.

Many Displays, Large Attendance Marks Garden Council March Tea

March meeting of the Garden Council of Lawrence County in the guild room of Trinity Episcopal church Wednesday afternoon was marked by an unusually large attendance of representatives of member clubs and several guests from the New Wilmington Garden club. Oakwood Garden club was the hostess group for the afternoon.

House plants, ivy, philodendron, African violets, grape ivy, and forced bulbs predominated among the numerous displays.

As speaker the group heard Miss Fay Wilcox, of New Bedford, a grower and authority on African violets, and the characteristics and culture of this popular house plant formed the basis of her talk. People who "get bitten by the African violet bug," she said, are constantly looking for new varieties and new colors to add to their collections and during the past 50 years since this plant has been known in this country as a houseplant, varieties, colors and types have multiplied until now about 75 are known to collectors and it is thought there may be as many as several hundred.

Miss Wilcox gave many useful hints on African violet culture and answered numerous questions from the audience.

Reading of the Clubwoman's Creed by Mrs. Roland Peden opened the meeting.

Mrs. E. L. Davenport presided over business, during which Mrs. J. H. Vogan reported for the nominating committee and Mrs. William Berkstresser, Mrs. J. H. Elmore and Mrs. T. M. Shaffer were named as the committee for a "hat party" as the next meeting of the Ladies of the Eagles to be given March 16 in the Eagles hall at the meeting of the Eagles auxiliary in the hall Tuesday evening.

Featured in connection with the event for members and guests will be a hat contest with prizes to be awarded for the most original, the prettiest, most humorous, etc.

Mrs. William Ellgass and the social committee are in charge of arrangements.

Mrs. Henry Navarra and Mrs. Thelma Wakeman were in charge of the social period of the evening with Mrs. Howard Hunter, Jr., Mrs. Stephen Williams, Mrs. Walter Heckart, and Mrs. Glen Reno as the lunch committee.

Nurses Alumnae Hear Talk
New Castle Hospital Nurses Alumnae at a regular meeting on Tuesday evening in the nurses home heard a talk on "Hospital Ethics" by Sister Lawrence Mary.

Plans were made for a card party to be given on the evening of March 30 in the nurses home and Mrs. Mary Weisz was named chairman.

Next meeting will be April 6, 8:30 p.m.

named as the committee for the May Flower show to be held in conjunction with the May council meeting. Mrs. Berkstresser asked the cooperation of all members of all the clubs and that every member submit entries in the display. East Side Garden club will be hostesses at the meeting.

An unusually good display of seasonal arrangements, houseplants, and forced bulbs with many entries was a feature and by popular vote, first place went to Mrs. Leo Dover, of the Walnut club, for a beautiful African violet plant with unusually large blooms. Mrs. Dover also won third and fourth place honors for Walmo club with a thriving well-trained grape ivy plant and a double African violet.

For her arrangement of pussy willows in a delicate shell pink vase, Mrs. G. S. Jenkins, of Oakwood club, received the popular vote for second place.

Walmo Garden Club also walked off with fifth place in Mrs. Richard Marquis' entry of a philodendron plant.

It was announced that a cup will be awarded at the May meeting to the club having the most points for displays.

After the judging, tea was served from a tea table decorated with a centerpiece of salmon pink gladiolus in a flat container and lighted green candles. Mrs. Davenport poured.

Next meeting will be Wednesday, April 7, when the Walmo club will be hostesses and member plan to take sandwiches and meet at 12:30 p. m. instead of at 2 o'clock.

POETRY WORKSHOP EVENING MEETING

Workshop of the Poetry Group took place Wednesday evening in the public library when two unusually fine papers were presented, one by Miss Frances Haydon and the other by Mrs. Katherine Ingham.

Miss Haydon gave Percy Bysshe's biography of Sidney Lanier, one of the best minor poets, who combined an interest in music and poetry. She read his "Marshes of Glynn" and "The Stirrup Cup".

Mrs. Ingham whose topic was "Children in Poetry" said that those who believe that children and poetry are the loveliest things in the world, it seems natural that they should belong together. She read excerpts from Gertrude's Harrierson's anthology "Listen My Children", also read from the "200 Best Poems for Children", and closed her talk by reciting several of her own poems for children.

In the absence of the president, Mrs. Mae Wilson presided. Roll call revealed that Mrs. Wilson will have an article published soon and that Mrs. Nita Brenner will have two poems and a story published.

Next workshop meeting will be March 19 in the home of Miss Garnet Rhodes, 507 Garfield avenue.

Next appreciation meeting on April 7 in the public library will be marked by the reading of a poetic play by Maxwell Anderson.

WOMEN OF MOOSE INITIATE MEMBERS

Officers' chapter night for Women of the Moose carried out Wednesday evening in the Moose hall was marked by initiation of candidates with three new members taken in.

As speaker, Mrs. William Brown of Sharon expressed pleasure at the excellent showing of the chapter during the past year in its religious, fraternal, social and charitable activities. New Castle chapter has surpassed its quota in all of these, has been most successful in obtaining new members and what is even more important, she said, has consistently strived during the year for a better New Castle.

Ritualistic work was under the direction of Mrs. Elgin McConnell. Officers of the chapter to whom Mrs. Brown extended congratulations for the chapter's record are Mrs. Doerr, Mrs. Della Miller, Mrs. Lawrence Conti, Mrs. Edward Fisher, Mrs. Katherine Slack and Mrs. Evelyn Harper. It was announced that the following chairmen have completed work for the year: home-making, Mrs. Ruth Hookway; hospital guild, Mrs. Pauline Laitenen; library, Mrs. Ida Zurasky; Mooseheart, Mrs. Mary Sullivan; publicity, Mrs. Alvin Herberg; ritual, Mrs. Charles Jamison; social service, Mrs. William Pitzer; war relief, Mrs. Lawrence Llewellyn.

At this meeting the auxiliary sent a check for \$50 to the Jameson Memorial hospital expansion fund, completing its two-year pledge. Under the hospital guild the auxiliary has completed ten unusual scrapbooks to be taken in the near future to the two hospitals of the city.

Social period of the evening was in charge of Mrs. Harry Shell, aided by Mrs. Elsie Pugh, Mrs. Mildred Cartwright, Mrs. Ina Cleveley and Mrs. William Pitzer. It was announced that the eleventh anniversary dinner of the chapter will be an event of March 31 in the New Penn hotel, reservations in charge of Mrs. Charles Jamison.

On Tuesday evening, March 9, the Academy of Friendship under Mrs. Ethel Dibbley will be entertained in the home of Mrs. David Cox, Butler avenue.

Next meeting will be social service chapter night in charge of Mrs. William Pitzer and her committee on March 17.

BETA SIGMA PHI CHAPTER PROGRAM

Pennsylvania Epsilon Gamma chapter of Beta Sigma Phi held its eleventh regular business meeting at the residence of Mrs. Howard C. Frew, 328 Highland avenue, Wednesday evening.

During business, with Mrs. Frew presiding, committee reports were given, including one of the nominating committee by Mrs. John DeGarmo. Election of officers will take place at the next meeting.

A clothing bank is to be formed with all clothing gathered going to needy families in the community. Contact committee for the clothing bank is Mrs. Herman Domke, Mrs. John DeGarmo and Mrs. Alex Grinn.

The sorority further plans for sponsoring the First Lady of the Year in New Castle, whose identity will be revealed on March 31.

It was voted to donate \$5 to the American Red Cross.

A round-robin letter was sent to Mrs. Ann Diamond, international field representative, of Kansas City, Mo.

Highlight of the afternoon diversion was the singing of "Happy Birthday To You" by the group on a wire recorder. A number of friends and relatives called in the afternoon to extend their greetings and best wishes to the honored guest.

On his anniversary, Mr. Callahan's 15th great-granddaughter, named Andrea, was born to Mr. and Mrs. William Smithgall of Wellsboro. Seven of his nine children are living, and there are 24 grandchildren. Mrs. Callahan passed away in 1922.

The honored guest received a number of nice gifts.

Your Beef Roast shows you why
Boscul is Richer Coffee!

How 'custom-roasting' gives new, richer Boscul more flavor per cup, more cups per pound

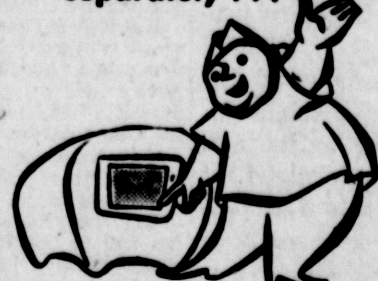

The larger your beef-roast, the longer you must leave it in the oven to bring it to the peak of flavor. This simple, everyday fact is the key to new, richer Boscul Coffee's finer flavor.

1. Because all coffee beans are not the same size...

Coffee is blended from beans of various sizes. Yet all other leading brands roast large and small beans together. At the same time and temperature. Result: the small beans are over-roasted, the large beans underdone.

2. Boscul 'custom-roasts' each size bean separately...

Of all leading coffees, only Boscul roasts each size of bean separately, before blending! Only Boscul takes this extra step to 'custom-roast' the fine coffees in its blend to achieve maximum flavor and richness.

3. And Boscul is 'roast-controlled' by the electric eye!

As a further flavor safeguard, Boscul uses the Electric Eye to eliminate guesswork and assure that each size bean is roasted to the peak of flavor every time. Try new, richer "custom-roasted" Boscul Coffee... today!

MODERNIZE CITY ZONING ORDINANCE

City council's recent action in easing the restrictions of the zoning ordinance is a step in the right direction. Under this action, apartment buildings are to be permitted where under the terms of the ordinance they are prohibited.

Council apparently realized the inadequacy of the present zoning ordinance and did, in this specific instance, part of what should be done for the entire act. In short, the zoning ordinance should be modernized. It is outmoded, restrictive and an impediment to the progress of the city.

Twenty two years ago when the ordinance was adopted it was considered good. But times have changed in twenty two years and what was good for the city then might be not so good now.

Changes take place in the properties of a city over the years. What was considered a Class 1 residential district when the ordinance was adopted may very well be in Class Two today. By the same sign there are some districts which were considered Class 2 residential districts then which today might very well be considered proper for small industries.

Builders have found the present ordinance restrictive. In some cases small manufacturing plants have gone outside the city, only to build in spots which should have been restricted to residences.

The establishment of the zoning ordinance twenty two years ago was a progressive step. Revising the ordinance now to comply with the demands of the present day would be a further progressive step. We believe it should be done.

Making an exception in cases cures an immediate need but establishes no base. Like cutting a branch off an annoying shrub, it does not remove the root of the trouble.

THEY STAY PUT

Depending on the point of view, it is a sign of something or other that there has been lately a steady decline in the number of factory workers shifting from a job here to a job there.

It could be an indication that these men and women are so well satisfied with their wages and conditions of employment that they are content to remain where they are. Or it might mean, as it has meant occasionally in the past, that they are fearful of the future and so cling to the jobs which they now have.

In any event, greater stability in employment is a fact. According to figures gathered by the Bureau of Labor Statistics, job separations in manufacturing industries reached during December the lowest point recorded since 1941. Voluntary abandonment of jobs dropped from the November average of 27 per 1,000 employees to 23 per 1,000 in December.

In trying to evaluate the significance of this development, it probably is wise not to ignore the factor of housing. There was a time when men could move from city to city and be certain of a place to live. This left them free to give up one job and take another which promised a greater return.

They lack that assurance today and so do not think of going somewhere else, either for the purpose of bettering themselves financially or to accommodate a spirit of restlessness.

THROUGH A MILL

This is the machine age and Americans take pride in many of its manifestations, but the thing can be carried too far.

A Boston whizz has invented a machine which interviews applicants for jobs. It allegedly determines what capacity the person has for the position sought. If there are several applicants, the one making the highest record on the machine invariably shows most efficiency on the job, it is claimed.

Conversation of applicants is tested and time is the significant factor. Persons best able to initiate conversations and maintain them are supposed to be most able. Does this prove all politicians are supermen?

Is the mechanical age, then, to relegate all the strong, silent men to minor roles? And what about the geniuses who have no aptitude for discourse but can certainly produce the goods? Demosthenes became a great orator because he overcame speech defects. If he had battled against this machine before he mastered his weakness, he would have joined the jobless.

Our Fultons, Whitneys, Howes, Edisons, Steinmetzes, Teslas and others were regarded mostly as queer people who did finally find warm human backing. Does this machine have a heart?

Personnel directors may find in it a great buck-passing institution. They can take their ease while an impersonal machine does the work. But America will be far along the road toward smothering the humanitarian instincts in industrial relations when it runs its people through a mill to determine whether they deserve a job.

In retiring, George Washington gave much sound advice to his countrymen. All of which they are currently ignoring.

In View Of News Of The World

By J. C. Ostreicher, INS Foreign Director

Another shrewd move by the Soviets, who have yet to suffer a setback in communizing eastern Europe, seemed in the making with regard to threatened Finland.

It is the simple expedient of leaving the country ostensibly outside the iron curtain.

In presenting his demand for a military, cultural and trade pact with Finland, Stalin undoubtedly was fully aware of the fact that any real attempt to make it another Hungary, Rumania or Bulgaria would lead to difficulty.

An effort to reduce the country even to the status of Czechoslovakia likewise would be an onerous task.

It would be far more simple for the Soviets to preserve Finland as a presumed political entity. The communists hold many key posts as it, including the ministry of the interior which controls the secret police.

Would Benefit Soviet

By obtaining Finland's constitutional approval of what purports to be a bi-lateral pact of benefit to both nations the Soviets will hold the same enormous military advantages that they do no without the burden of keeping a dissident people under control.

Big Russian land and naval guns point westward from bases only a few miles from Helsinki. A great Soviet army and air force are poised at the picturesque, spruce-covered frontier.

The fiction of a bi-lateral military pact, of course, deceives no one, least of all the Finns.

But there is an implied mutuality and if the Russians leave the Finns with at least a token independence, refraining from "purges" and "action committees" such as have been established in Czechoslovakia their closest northern neighbors are automatically disarmed.

Fearfully Awaited

It is perfectly true that all the communist moves in eastern Europe have followed a definite pattern and duplication of this process is fearfully awaited even by Italy and France.

Yet it is equally true that in each separate instance the machines of political conquests have been retooled expertly to meet existing conditions. The Yugoslavs were given Tito, who has the uniforms and that appeal to Serbians.

Bulgaria has Georgi Dimitroff, who is still the hero who defied

Goering at the Reichstag fire trial. Rumania has Anna Pauker, the tough, strong-willed woman communist who seems, superficially at least, to have more public appeal at the present than the departed Hohenzollerns. And President Benes has remained in Czechoslovakia.

Finland's fate seems sealed by the drama that is yet to be played out in its entirety.

Looking At Life

By Erich Brandeis

I wonder whether that Miami judge will agree with his colleague in Newark, N. J., who denied separate maintenance to a woman who charged that her husband drank too much.

The Newark judge did not deny that too much drinking is bad.

"But," he added, "under the most ideal circumstances each party to a marriage must overlook a great many things. Such behavior comes under the 'for worse' part of the marriage contract."

So, the woman will have to continue to live with her husband—drunk or sober.

So much for the Newark judge.

In Miami a man wants a divorce because, according to his charge, his wife is so jealous that she will permit him to read newspapers until she has clipped out and destroyed all pictures of women.

He alleges also that she turns off the radio whenever there is a female voice on the program, and once, he claims, she even snapped it off when a male crooner was singing a tune about a lovely girl called "Linda."

The Miami judge has taken the matter under advisement and will soon announce whether he, too, considers such behavior to come under the "for worse" part of the marriage contract.

Far be it from me to pass judgment on a judge.

He has his law books, and I have only my common sense, and the two don't always seem to go together.

But it is a fact that a lot of people, when they get married, never think of that little clause "for better or worse."

As Andy used to say when the Kingfish tried to put a fast one over on him: "Will you repeat that? It just whizz by me."

Young married people never think of the "for worse."

When the minister pronounces them man and wife, the sky is blue, the sun is shining, everything is rosy and bright.

The "for worse" just whizzes by them, and nobody repeats it at the time of the ceremony.

But I assure you that there isn't a marriage in this whole world that hasn't its bad days as well as its good ones.

Fortunately every man isn't a drunkard and every woman is not crazy with jealousy.

But neither is every married day rosy and bright, and there will be many a one when it rains cats and dogs and when it takes all the patience, all the tolerance, all the love that both can muster to keep the marriage together.

A lot has been said about the evils of divorce.

It is too bad that there has too been so much divorce, or any divorce at all.

But if you haven't learned to swim and you can't go on any longer— isn't it better for someone to throw you a life preserver than to let you drown?

Bible Thought

He that loveth father or mother more than me is not worthy of me; and he that loveth son or daughter more than me is not worthy of me. And he that taketh not his cross, and followeth after me, is not worthy of me. He that findeth his life shall lose it; and he that loseth his life for my sake shall find it. Matthew 10:37,38,39.

From Me To You

By MESEALL

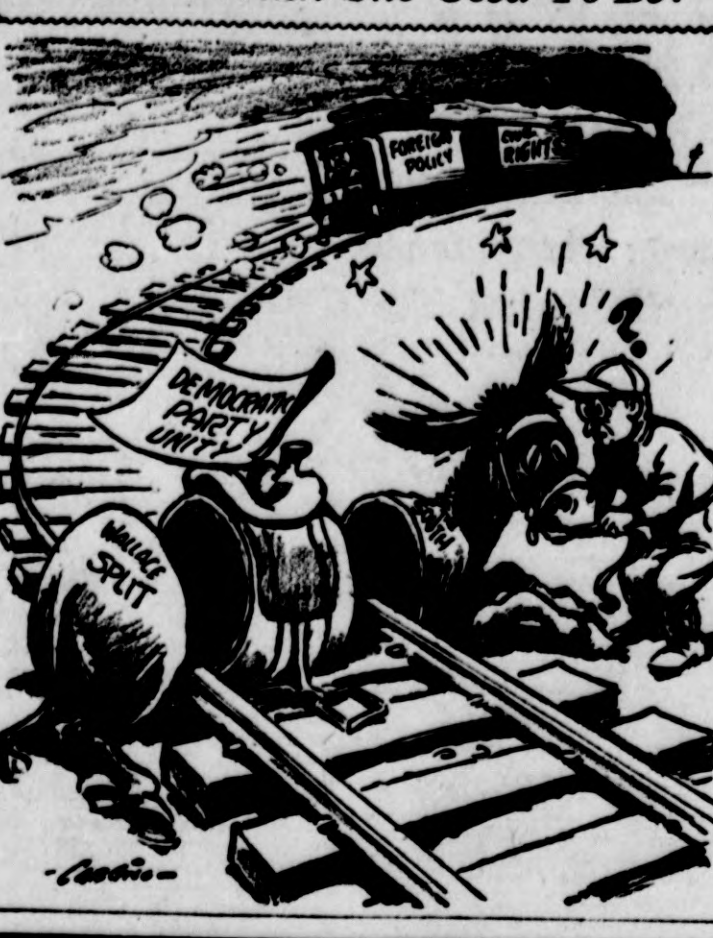

As you probably noticed in last night's paper . . . the Beta Sigma Phi non-academic Sorority, New Castle Chapter . . . are planning to pick the "First Lady of New Castle" . . . This looks like a very interesting program and from the information I have received from Mrs. Frew the President of the local Chapter and Mrs. Usher the Chairman of the First Lady idea, the choosing will be done very scientifically, and with exceeding fairness. This idea is not an original one with the local group but a program that has been worked out in great detail by other women throughout the world . . . and with this story of an interesting time . . . for a community is just as great as the people who live in it make it.

Have you heard who the "Most Wholesome Women" of the world are? The Women's Research Guild have just released the list . . . six women made the grade in a world-wide survey and they made it because they had given the world "A spirit of wholesomeness to help offset some of the cynicism of a confused and bewildered world."

Here are the names on this latest list . . . Princess Elizabeth, Clare Booth Luce, Barbara Ann Scott, Judy Canova, Mrs. Spencer Lighted to see a former New Castle woman receiving this honor . . . that being Mrs. Spencer Tracy, the former Louise Bryant who was honored for her "nationwide humanitarian work in behalf of deaf children" . . . the greatest institution of its nature is the John Tracy Clinic which Mrs. Tracy started a few years back which teaches parents and children the proper way to overcome the handicap of children who are deaf.

Princess Elizabeth was cited "for causing the world to realize that true, clean love and romance are the greatest and most inspiring news stories of all" . . . Mrs. Luce was acclaimed for her series of articles on God, Christianity and the Catholic Church; Barbara Ann Scott for "setting an unparalleled example to all youth that cleanliness, wholesomeness and hard work pay the most exalted and respected dividends"; Judy Canova for "reviving clean, refreshing, home-spun humor"; and Judge Kelly for being the first woman judge in Memphis, Tenn., and for her outstanding work with delinquents.

Washington Calling

(By MARQUIS CHILDS)

Discusses Dr. Condon Case

WASHINGTON, March 4.—The current loyalty hunt-hunt is shown in its shabbiest and meanest form in the attack on Dr. Edward U. Condon by a subcommittee of the House Un-American Activities committee. The subcommittee's report is about as un-American as anything could be.

It belies almost entirely on guilt by association. Because Dr. Condon, head of the National Bureau of Standards, talked to the wife of the Polish ambassador and to two or three employees of the Soviet and satellite embassies, the committee demands his discharge.

"It is known," said a letter quoted by the committee and purportedly from the FBI, "that in February, 1947, Zlotowski (former counselor of the Polish embassy) purchased 270 books on atomic energy which had been published by the Department of Commerce."

Rather Tragic

The childishness of this would be funny if it were not so tragic. Repeatedly scientists have said that, with publication of the Smyth report on atomic fission five days after the atomic bomb was dropped on Hiroshima, the essential "secret" of atomic energy was released to the world. That report was published on the specific authorization of Maj. Gen. Leslie B. Groves, wartime head of the atomic bomb project. Most re-

cently, Chancellor Robert Hutchins of the University of Chicago, in an article in the American Magazine, said that after the Smyth report even a set of bomb-making blueprints would be of little additional help.

The Smyth report has been on sale in every book store for two years. So much for the childish assumption that there is a "secret" which an American scientist could hand to a foreign scientist.

Background Revealing In connection with Dr. Condon's personal loyalty, some background is revealing. His record was carefully and thoroughly examined by the loyalty board created in the Department of Commerce under President Truman's executive order on the loyalty of government employees.

Chairman of that three-man board was Adrian S. Fisher, who was then solicitor of the Commerce department. The board had all the material available to the House committee, including the FBI reports on Dr. Condon's and his wife's associates.

But unlike the House committee, which never once gave Condon a chance to answer the vague accusations made against him, the board let him appear in his own behalf. Condon presented evidence bearing on his background and on the associations held against him.

That was last September. After detailed consideration of all the evidence, the board found no question concerning Dr. Condon's loyalty.

Thorough-Going This meant that they found he was not in thrall to any alien ideology or any foreign power. In other words, he is an American with a belief in the basic principles of the American government.

The board found, in the course of its inquiry, that Dr. Condon is a thorough-going maverick. That is to say, he believes in speaking his mind even though the opinion he expresses may not be popular or in accord with the view of the majority at the moment. Often he has spoken bluntly, with what many would consider indiscretion, in a time of insecurity and hysteria such as the present—not about scientific matters but about his political beliefs, which are certainly not those of Rep. J. Parnell Thomas, chairman of the Un-American Activities committee.

WASHINGTON—William C. Bullitt, former U. S. ambassador to the Soviet Union: "Russia contemplates an eventual attack on the United States. Our country is in danger. Russia is attempting to seize France and Italy."

WRIGHTVILLE, Ga.—Dr. Samuel G. Green, grand dragon of the Ku Klux Klan, assailing President Truman's civil rights program: "Red blood will flow in this very town if they try to impose racial equality by law and by bayonets."

HELSINKI—Arvo Saarninen, chairman of the Finnish Conservative party, commenting on the Russian offer of a military pact: "Unfortunately we do not favor the Soviet pact, but outright opposition would be catastrophic for Finland."

WASHINGTON—Benjamin E. Fairless, president of the U. S. Steel, at a hearing on the \$5-a-ton steel increase: "I oppose a further round of wage boosts as 'unjustified.' The price boost will net my company 28 million dollars in additional annual revenue."

Hints On Etiquette

If you are introducing someone to another who is a very special friend, you may say, "Mrs. Smith, I would like you to meet Mrs. Jones." Never say, "Mrs. Smith, meet Mrs. Jones."

Obligations Of Sport Heroes

By PAUL GALlico

The mail is beginning to pour in as a result of the recent love letter I wrote to Mr. Ted Williams of Boston, the baseball player with the less than charming character. It is fascinating. I wish to report here that it is 99% for Williams and against Gallico.

The letters, particularly from the Boston area, are so vituperative, vicious and, in many cases, obscene that one begins to wonder about Mr. Williams' friends. Or, is it just that one may not attack an American sports hero without being blackguarded in the mails? Apparently one may criticize the President, the government, the political parties, Joe Stalin and any or assorted movie cuties without enraging the constituency. But pen a cross word about some ill-mannered lunk who has acquired the knack of urging baseball to leave the park via a willow club and the clients begin yelling for tar and feathers and the rope.

Not Unfamiliar Phenomenon

This is not an unfamiliar phenomenon to me since I spent some fourteen years from 1922 to 1936 writing a sports column frequently devoted to lambasting fatheaded athletes, promoters, managers, and the like who thought they were bigger than the public who supported them. But never in all that time did I manage to evoke such a wrathful response as was called forth by my sweet little essay on brother Williams. Either I am writing better and more to the point these days or the baseball fanatics have suffered from the same degeneration of ethics and standards to which every professional sport has been subject.

The unanimity and virulence of the condemnatory mail, I regret to report, has not served to elevate my opinion of Theodore of the Red Sox, but it has lowered my view of certain types of baseball fans. Their lack of standards may be the reason for the debasement of sport of every type in this country. If the spectator demands no more than that his public player of games shall be proficient or spectacular at his trade, and does not care a fig whether he is morally or spiritually fit, you can see how quickly the level of every game would be lowered, and actually is falling off day by day.

None Of My Business

The gist of the communications, leaving out the embellishing epithets as to my person, was that Williams is a wonderful hitter, a success as a ball player and therefore a great man; hence, what business is it of mine or anyone else if he chooses to stay in Florida and go fishing when his wife is giving birth to their first child. These letters held that when Williams was taxed by reporters, or rather asked by them if he did not think such callousness might react to his discredit with the fans and he replied, "To Hell with the Public." They can't run my life," he was quite justified in doing so. Is this the kind of person the American sports fan has become? Well, well, well!

What Williams did was no crime. I merely registered my disgust at such behavior from one who was so much in the public eye and who as a baseball hero must be an example and an inspiration to the young. And this disgust with the big fellow I wish to repeat most emphatically at this juncture.

Fascinated By Implications

But I am fascinated with the implications contained in the mailbag. Why should a prizefighter be a mugger, wife-beater and petty thief on the side if the public doesn't care, if the only standard of approval of a performer is his prowess and box office draw with no regard to his comportment in private life? So bring on your thugs and ex-cons and racketeers. Open up boxing, baseball, football and all the other professional sports to them. For the fan is saying that what a man does in his private life is his own business.

Not in my book. The sports heroes who are supported by the public and who serve as models for the young have an obligation to live a good life. If they can't, I say chuck 'em out.

The World and the Mud Puddles

IT IS VERY DIFFERENT

It seems as though F. D. R. and his friends of the New Deal certainly threw monkey wrenches into the lives of the easy-going politicians whether they were of the Democratic Party or of the Republican Party.

Prior to F. D. R.'s arrival on the scene, the Republicans and the Democrats had very few differences of opinion regarding the way to run the government. The most marked of these opinions was regarding protection and free trade, the Democrats advocating free trade and a tariff for revenue only.

With the Democrats the tariff was only a means of raising money to assist the government in carrying on. With the Republicans it was a purely affair to protect infant industry, growing industry and industry generally as a material concurrent to higher wages.

New Ideas Injected

They got along very well but with the advent of F. D. R. and his New Deal friends, a great many ideas were injected into the scene. During the last sixteen years you rarely heard anything about the tariff. It was all a matter of Labor Unions, Social Security, subsidies and ideas generally needing great sums of money to assist citizens in questionable enterprises.

Now F. D. R. is gone, but these ideas have caused a great deal of dissatisfaction not only with the Democrats but with most of the Republicans, and yet with a present Republican majority in both the House and the Senate there is no appearance of enthusiasm and determined effort to apply the brakes to these New Deal ideas. The workman is still a poor workman, struggling for a livelihood, not receiving by any means that which he is entitled the receives about ten times the income of any similar workman in the world outside of the United States. American Forces Respected Wishes Of Soviet Leaders

WASHINGTON, March 4.—(INS)—Undersecretary of State Lovett Wednesday officially confirmed reports that American troops refrained from occupying Prague during the war at the specific request of Soviet military leaders.

Lovett told a news conference that War Department records show United States spearhead forces halted at the Pilsen-Carlbad line, not far from the Czechoslovak capital.

Told To Stop

The halt was called while a query was put to the Red army high command in Moscow, asking whether the Americans should advance.

The under secretary revealed that on May 5, 1945, Soviet General Antonov requested by letter that allied forces remain east of the Pilsen-Carlbad line.

In the interests of full amity between Russia and the Western allies, the Russian request was heeded, the records disclosed.

Progress Catches Up To G.I. Shoes

WASHINGTON, March 4.—(INS)—Progress caught up today with G.I. shoes after 32 years.

The Army announced that the famous Munson last, basic design for all Army issue footwear since 1912, is to be modified because of extensive scientific tests conducted by the quartermaster corps and the medical department.

The new last will have a flatter sole and more room in the little toe area. The flatter sole will give better traction, the Army said, and the other improvements "are expected to result in better fit, greater comfort, and improved foot health."

Sound results from vibration, but you cannot make sound by waving your arms because you cannot wave them fast enough. Forty times a second is about the minimum to produce sound. The wings of bees and hummingbirds exceed the minimum, thus producing sounds. The human ear is not geared to hear fewer than 40 vibrations a second.

N. S. A. BOARD HEARS REPORTS

At an executive meeting of the New Castle chapter of the National Secretaries Association in the home of Miss Florence C. Davis, 220 East Sheridan avenue, Wednesday evening, the board heard reports from members who attended the northeastern regional meeting in Cleveland, February 21-22 and also from members who attended installation of officers at the newly organized chapter in Butler on February 20.

Those who attended the regional conference in the Hotel Statler, Cleveland, from here were Miss Davis, Miss Olive Webb, and Miss Elizabeth Taylor.

Among those in attendance were Mrs. Irene Gadelman, of Tulsa, Okla., national president; Mrs. Phama Martin, of Anderson, Ind., national recording secretary, and Mrs. Margaret Dewey, of Buffalo, N. Y., northeastern regional president.

Those who attended the installation in Butler were Miss Ruth Cleveland, Miss Lucille Emery, Miss Elizabeth Ungar, and Miss Margaret Valley.

Next regular N.S.A. meeting will be Thursday, March 18, a dinner at The Castleton.

MRS. E. O. TRESCOTT TO SPEAK SATURDAY

At an open meeting of Lawrence chapter, Daughters of the American Revolution, Saturday afternoon, March 6, in Central Presbyterian church, Mrs. E. O. Trescott, of Cleveland, will review Sir Philip Gibbs' book, "The Pageant of the Years."

The program will open at 2:30 o'clock following a 15-minute organ recital by Mrs. Edward H. Brown, organist of Central church. Indications are that there will be a large attendance, as Mrs. Trescott has constantly gained popularity in New Castle for her splendid reviews of books of current interest.

Proceeds will go toward Lawrence chapter's pledge to the Jameson Memorial hospital expansion fund.

New Cyclotron Being Built

University of Chicago's
Atom Gun Already
Referred To As
Model T

By ROBERT N. SCHWARTZ

(U. S. Staff Correspondent)

CHICAGO, March 4.—Fashions in cyclotrons, even as do those in women's hats, change all the time. The University of Chicago's 10-year-old cyclotron, sometimes called an atom gun, is already scornfully referred to as the "model T" by the scientists who work with it.

The model T was all right in its day, but the scientists drool when they think of the new cyclotron the university is building to implement its \$12 million atomic research program.

The old one has a 37-inch chamber; the new one will have a 170-inch chamber and a magnet weighing well over 4,000,000 pounds.

Building New One
Dr. Herbert L. Anderson, 33, physicist in charge of building the new cyclotron, expects great things of it. How great? Well, no one knows for sure.

The cyclotron—first one was built by Prof. E. O. Lawrence at the University of California in the early thirties—is in reality an atom smasher. Anyone, experts say, can understand how a cyclotron works—especially if you have a Ph. D. in physics.

The cyclotron achieves the same result with a particle of matter as does a boy pitching a tomato up against a barn wall. In both cases the larger object is smashed into smaller segments.

The boy heaves the tomato because he likes to hear the squish or because he's got visions of appearing on the mound in Yankee stadium someday. The physicist is playing for bigger stakes. He's trying to probe deeply into nuclear forces—forces that seem to be the source of all life and energy.

AFL Painters Union Under Indictment

NEW HAVEN, Conn., March 4.—(INS)—A special federal grand jury Wednesday indicted the AFL painters union, local 481, and president, John R. O'Brien, on charges of violating the Taft-Hartley law.

Justice department officials said the indictment resulted from the use of union funds for publication of a political advertisement in the Hartford, Conn., Times and a political speech by the union's spokesman, Thomas Fortune, over radio station WKNS.

In the advertisement and the speech the union opposed the presidential candidacy of Sen. Taft (R), O., co-author of the labor management law.

Dr. Myers To Speak At Highland Church

Sharon U. P. Minister To Conduct
Spiritual Emphasis Week
Services Here

Spiritual emphasis week will be observed at Highland U. P. church next week, when Dr. Clyde Myers, minister of the Sharon U. P. church, will conduct a special series of services. Dr. Myers has chosen "The Thirsty Soul" as his theme for the 11 o'clock assembly Sunday morning, March 7, when he and Dr. D. L. Ferguson will exchange pulpits. Dr. Myers will speak on "The Life of Christ" Sunday evening, which will be observed as young people's night. Miss Lucile Paisley will be soloist at that time.

"A Fruitful Church will be the sermon topic for Monday evening's meeting, which will be designated as Sabbath school night. The junior choir, under leadership of Mrs. Edward Marvin, will offer appropriate music. Tuesday evening will be known as men's night, when "The Only Saviour" will be the sermon subject. Walter Wallace will be the soloist. Dr. Myers will speak on the theme, "Digging Again the Wells" at official board meeting Wednesday, when the Youth for Christ girls' ensemble will sing. "World Evangelism" will be the topic for Thursday's service, which will be missionary night. At that time a duet will be offered by Mrs. Clark McClelland and Mrs. Leonard Kistner. "The Influence of the Christian Church" will be the topic for Friday, which will be known as family night. Special music by the church choir will feature this service. Each evening's meeting will begin at 7:45 o'clock.

Dr. Myers is a native of Princeton and a graduate of Westminster college.

Divorcee Making Charges, Remains In Hiding Today

CULLMAN, Ala., March 4.—(INS)—Relatives of Christine Putnam Johnston remained silent today on the whereabouts of the pretty red-blond divorcee seeking court action to have Alabama's Governor James E. Folsom declared the father of her 23-month-old child.

Earlier, Mrs. Elton Pichelmayer, Mrs. Johnston's sister, admitted that the attractive mother was visiting J. D. Abercrombie, a relative, near Detroit. She added, however, that she was not sure of the exact location of the Abercrombie home.

Carter E. Putnam, Mrs. Johnston's brother, who signed one of the two suits alleging Folsom's fatherhood of young James Douglas Johnston, would say only that his sister's present whereabouts is a "secret". At Birmingham, Kingman Shelburne, attorney for the Alabama divorcee, still refused to comment on his client's case.

P.S.E.A. Branch Plans Meeting

American Exchange Student To Quit Prague University

PRAGUE, March 4.—(INS)—Wilson Graham of Yellow Springs, O., an exchange student attending Charles university in Prague, resigned his scholarship today because of interference with academic freedom by the new communist-dominated Czech government.

In a public statement Graham declared: "I desire to interrupt my studies here at this time because I believe that the dismissal of several professors and the imprisonment of many students by the new communist regime has impaired the educational integrity of Charles university."

"The singling out for dismissal of men known for their liberal concepts of academic freedom and the retention of all Marxist and pro-Soviet professors means that undue emphasis will be placed on those doctrines to the exclusion of others."

"Under such conditions I am left no alternative but to interrupt my studies here and continue them elsewhere, where freedom of inquiry and information is guaranteed and objective attitudes are encouraged."

THE WORLD AND THE MUD PUZZLES

(continued from Page Four)

he is sick at the government's expense. He pays too much income tax and his employer pays too little. And now that we have won World War II this idea of helping your brother man has reached such an extremity that we must take care of all our defeated enemies as well as our Allies.

"Gimme Spirit" Has Grip
So great a grip has this "gimme" spirit attained that no person who has been spoken of as a candidate for the Presidency of this country can escape giving a flat-footed answer—"Aye, yes or no" to the various schemes of the New Deal. The Marshall Plan for assisting the peoples of the world in their recovery from World War II demands that this nation contribute upwards of twenty billion dollars to be used to make over Europe and part of Asia. Not only is the Marshall Plan before the candidates, but there is the labor legislation to be discussed and the existing Taft-Hartley Act, which must be supported or forever damned.

The Labor Unions insist that they should sit in the saddle and should determine how the employer should act toward the employee and what he should pay. A great many questions will demand an answer from the prospective candidate for either the Presidency of the nation, the governors of the states or the legislators of the nation and of the states. These questions are most of them socialistic questions and they are all questions that have arisen since F. D. R. assumed his apparent life tenure of the Presidency in the election of November of 1932.

What are the voters of the United States going to do about it?

It is believed that far more fish are caught by other fish than by man.

WASHINGTON CALLING

(Continued from Page Four)

His wife has also spoken freely and sometimes, by current interpretation, indiscreetly.

Raises Question

This raises a pretty basic question, is an American citizen, whether in government or out, to be denied the right to any views other than those of the most narrow orthodoxy? To answer yes is to go against the broadest and deepest tradition of American freedom.

A postscript on the Commerce department loyalty check is significant. Fisher, chairman of the loyalty board, was brought into the department to be solicitor by the present secretary, W. Averell Harriman. A week ago, Fisher resigned that post to become general counsel of the atomic energy commission. Approval for the latter position implies a most searching FBI examination, which is a further assurance of the validity of the report clearing Condon which was prepared by Fisher. To fair-minded Americans it will seem clear that Condon is being persecuted because he was appointed head of the Bureau of Standards by Henry Wallace when Wallace was secretary of commerce. A second reason is the smear campaign conducted against him in a small section of the press.

The FBI report leans on the word of a "self-confessed Soviet espionage agent." This is a dubious source since self-confession seems to be a sure way to gain acceptance. To make such vague and tenuous accusations without giving the victim a chance to state his own case is to make ourselves into the enemy we profess to despise. Free Newspapermen On Technicality

WHITE PLAINS, N. Y., March 4.—(INS)—Two Newburgh, N. Y., newspapermen who went to jail rather than violate a confidence by disclosing a news source, were free today on a technicality.

The men, Douglas V. Clarke, news editor of the Newburgh News, and Charles L. Leonard, a reporter, were sentenced last Friday to 10 days in jail for contempt of court.

Refused To Tell

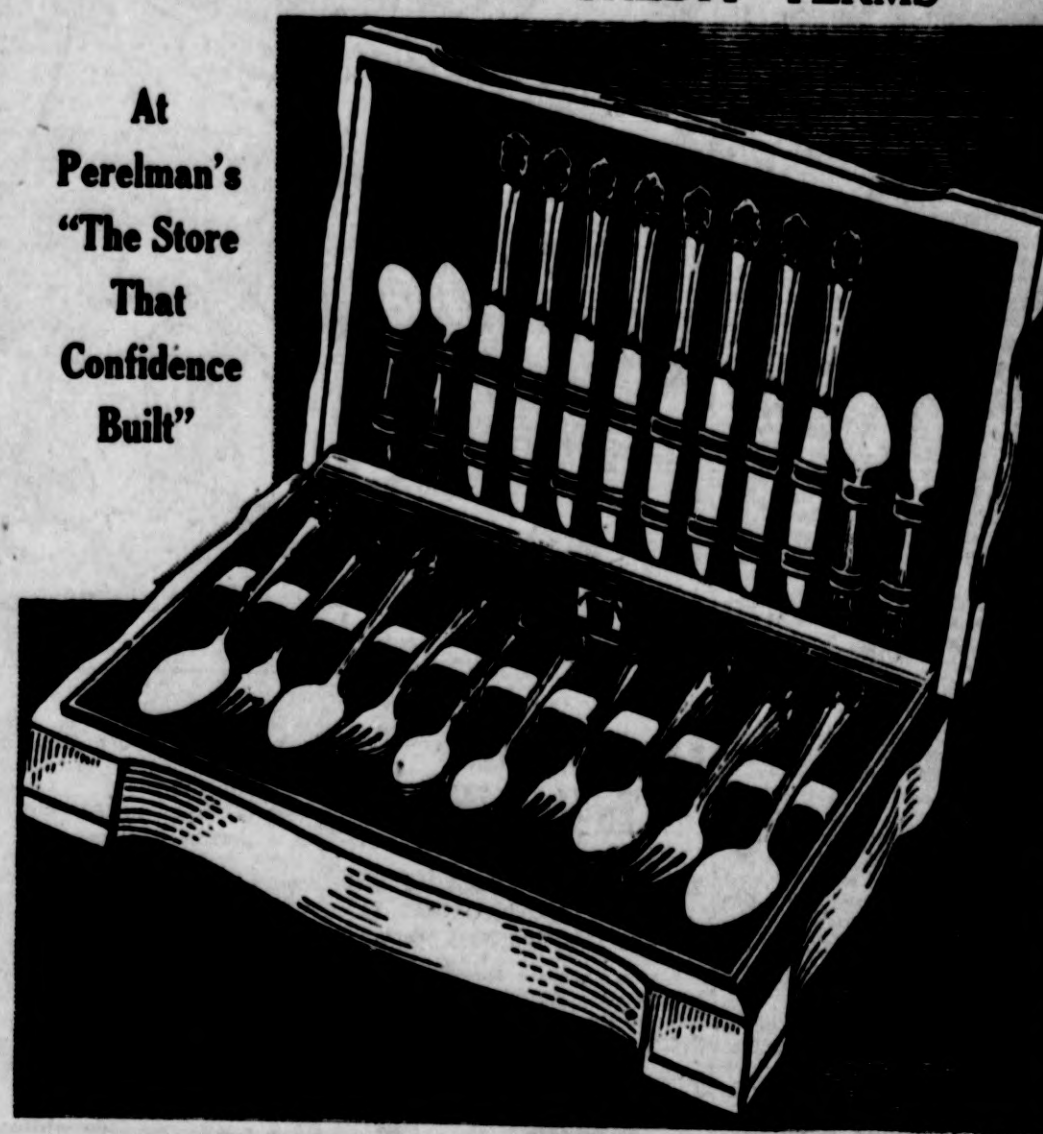

But State Supreme Court Judge Frank H. Coyne ruled yesterday that the "mandate of commitment" did not show the specific charge of misconduct against them, and is thus invalid.

The two refused to tell a grand jury where they obtained a lottery ticket which they reproduced in their newspaper in connection with a gambling expose.

Detention of the men had become a cause celebre in New York state. State Senator Thomas Desmond, Newburgh Republican, has introduced a bill in the legislature giving newsmen the right to protect news sources.

Alabama Youth Surrenders To New York Police

Gangster William Callahan, 16,
Tells Police He Killed His
Drunk Father

NEW YORK, March 4.—(INS)—A gangling 16-year-old youth from Alabama was under arrest Wednesday after he walked into a New York police station to announce he killed his father last month in their home, adjoining that of Gov. James Folsom's.

Identified as William Callahan, he was booked as a fugitive from justice and faced arraignment in felony court.

Member of a prominent Alabama family, he told police his grandfather was the late William Washington Callahan, a circuit judge who presided at the famed Scottsboro trial nearly 15 years ago.

Young Callahan gave himself up because, he said, he was worried, broke and tired of riding the subway.

Police said he has been sought since February 3 for the fatal shooting of his father. Travis, 47, a civil engineer, following a bitter quarrel in the Callahans' fashionable Montgomery home.

Took To Drinking
The youthful fugitive, told police that last Christmas his grandfather quit his job and began drinking heavily.

After allegedly abusing him and his mother, the older Callahan began borrowing from a \$700 fund which the youth earned from delivering newspapers, and which he planned to use for his education.

Refusing to lend his father any more money, an argument followed.

Young Callahan thereupon got a rifle, and said he fired two bullets at his father.

Locking his mother and grandmother inside the apartment, Callahan said he started wandering.

Experiments in lawn feeding have demonstrated that the application of a completely balanced plant food is more effective if made in March or very early April—even before there are any signs of the renewal of top growth—than when it is delayed until later.

Okay Request Of Jackson
Knolls Residents That
Supervisors Take
Over Roads

OTHER EVENTS
IN COURT HOUSE

In findings filed with the Lawrence county court the viewers appointed to consider the petition of North Beaver township residents for maintenance of roads is approved. The petition asked that the township supervisors take over for maintenance, three roads in Jackson Knolls, a new sub-division.

The petition was protested and the viewers held hearings. They find that the roads should be maintained by the supervisors but state there will be no cost for opening them this having been done. If certain minor changes are made the cost is estimated at not more than \$500. The viewers hearing the petition were Attorney James E. Chambers, Harold F. Seidel and W. Leslie Wilson.

Bradford To Speak
At Meadville Event

MEADVILLE, Pa., March 4. — Ralph Bradford, chief executive officer of the United States Chamber of Commerce, is coming to northwestern Pennsylvania for his first appearance in connection with the annual meeting of the Meadville Chamber of Commerce. Mr. Bradford represents the National Chamber, which is a federation of more than 2,800 Chambers of Commerce and trade associations, with an underlying membership of more than 1,205,000, comprising all kinds of business, large and small. Mr. Bradford's subject will be "What of the Future?"

Don't devote too much ground to luxury crops in a small garden. Tomatoes, beans and the smaller row crops such as lettuce will give you more for your time and space.

Window boxes in which evergreens are planted should be watered frequently. March winds increase the rate of water loss.

IT'S YOUR RED CROSS...KEEP IT GOING  Give Generously!

When you give to the Red Cross this year,
remember

The dollar has shrunk. But human needs have not

When you support the Red Cross, you and your neighbor are joining the great humanitarian cause. Neighbor helping neighbor. Serving hot food when disaster strikes, sending blood to those who need it, and seeing that the needy and distressed are relieved. You help in all these things. You are there because the Red Cross which represents you is there. You and your family join the team of the many it takes to make up this great organization. Everyone assuming a vital role, all serving under one banner, the Red Cross. In all that it does, it depends on you.

Will Seek Repeal Of State Law On Earned Income Tax

JOHNSTOWN, Pa., March 4.—(INS)—Johnstown's Central Labor Union will ask the Pennsylvania Federation of Labor to help in a drive seeking repeal of legislation permitting the earned income tax.

A resolution asking the aid of the state group will be presented at the convention May 3 to 7 in Pittsburgh.

A one-per cent earned income tax goes into effect in Johnstown next Friday. The CLU statement said:

"We will work for the defeat of those who voted to enact the earned income tax measure."

The statement added that the union believes that the "city's" going beyond the intent of the law in enacting the new tax ordinance.

BEATS COAL RECORD
PHILIPSBURG, Pa., March 4.—(INS)—The fourth bituminous district of Pennsylvania, containing 253 active soft coal mines, in 1947 surpassed its 1946 production record by 20 per cent.

The annual report of State Mine Inspector David B. Millward of Philippsburg revealed that the 253 mines turned out a total of 6,204,405 tons during 1947.

Anti-Lynch Law Proposals Will Meet Stiff Attack

WASHINGTON, March 4.—(INS)—A leader of the 76-member bloc of protesting southern house democrats warned that "every possible legislative device" will be employed to prevent passage of the anti-lynching bill, asked by President Truman.

Rep. Harris (D) Ark., secretary of the group which wanted to oppose the President's civil rights program, said the southern congressmen will launch a program immediately to impede progress of the anti-lynching measure. The bill was given committee approval Tuesday.

Harris commented: "We're in agreement that the longer we can postpone house action, the better fight we can make in the senate."

He said that a general meeting will be called shortly to coordinate the fight in the house.

DRIVE ON DOGS

HARRISBURG, March 4.—(INS)—The state's drive to exterminate all unlicensed dogs in Harrisburg today brought quick results.

The Dauphin county treasurer's office reported that nearly 2000 dog-owners have rushed to obtain permits for their pets within the past five days.

State agents, in cooperation with city authorities, have rounded up more than 40 strays and begun prosecution of 53 owners of unlicensed animals within the past 10 days.

LaPaz, Bolivia, is the highest large city in the world, with an altitude of nearly two and one-half miles.

County Home Cost Shown By Travers

Net Cost of .641 Per Person Shown for Operation of Lawrence County Home

County Commissioner Joseph F. Travers, who until early in January was in charge of the institution department of the county business, today made a prepared statement upon costs at the county home.

His statement follows: "As rumors have been circulated as to the cost of operating the Lawrence County Home during my administration as chairman of the Lawrence County Institution District, and since these rumors greatly exaggerate the expenditures, I feel it only right to make a report to the taxpayers as to how your money was spent. The figures in this report are taken from the county controller's report but I have consolidated all credits and expenditures pertaining to the county home and farm. These, in the county controller's report, are grouped under different classes of debits and credits and, unless carefully studied, do not easily give a clear picture.

"For a better understanding of the function of county relief, let me remind you that the state legislature in 1937, in organizing the department of public assistance and the county institution district, abolished the old Poor Laws under which relief had been administered for so many years. Under these acts the department of public assistance provides maintenance for adults who are physically fit and able to support themselves on grants allowed by this department. The county institution districts are directed to care for the physically infirm (not insane) who are in need of custodial care.

"This law changed the character of county homes from that of almshouses to that of infirmaries. It also, obviously, increases the cost of maintaining county homes since many able-bodied people who would formerly have entered the county home and have been available for work there, now are given grants to maintain themselves independently. There was thereby lost to the county homes a source of labor at the same times these homes assumed a larger percentage of patients who, because of their age and the nature of their illnesses, needed complete bed care, including tray service for meals. Nearly one-third of all the patients in the Lawrence County Home are bedfast.

"In 1939, when I was first elected county commissioner, I found, much to my surprise, that the county was operating the welfare department the same as it had been operated before the state, by the above mentioned acts of 1937, had assumed the responsibility of state relief. The county controller's report for 1943 shows \$5,558.55 spent for salaries, office equipment, etc., for general administration of county relief. Since these functions were no longer fulfilled by the county, I, upon being elected chairman of the institution district in 1944, abolished this office and used this money to provide nurses for the county home. I hired a male nurse to be in charge of the infirmary for men and a nurse for the women's infirmary. These nurses were put under the supervision of Mr. and Mrs. Samuel Cutler, whom I appointed superintendent and matron. The citizens who have

visited the Lawrence County Home in the past four years can attest to what these people have accomplished toward making our old, helpless people comfortable, clean, and well-fed.

"Upon examination of the records of the home, we found that 20 per cent of its inmates had families who could well afford to provide them with financial support. Those families who were in a position to pay were assessed \$30.00 per month for the care of their aged parents. In this regard, the following figures are self-explanatory. They are taken from the Lawrence county controller's reports for the years mentioned and represent income received for care of inmates of the County Home whose total care had previously been borne by the county. The gradual increase of these amounts is explained by our becoming better acquainted with the facts in each inmate's case.

1944	\$ 2,477.28
1945	5,213.95
1946	6,550.49
1947	15,642.69

Total \$29,884.31

"Of the amount listed for 1947, \$4,473.75 was past payment paid by the state to Lawrence County to care for persons paroled from state institutions back to the Lawrence County Home over a period of several years. No attempt had been made to collect this money to which Lawrence County was entitled by law, until I billed the state for it.

No Levy
"In 1944, because of the many demands on the taxpayers at that time, and since there had accumulated a large surplus in the institution fund, I felt that it was only fair to give the taxpayer a little respite and so it was on my motion that year, that there was no institution tax levied, making a total of three mills tax for four years operation.

"As I stated before, the county controller's report, by law, is set up to show the gross cost. The credits are listed elsewhere in the report and to obtain a true picture it is necessary to apply these credits against the charges and thus arrive at the net cost.

"The controller's report for 1947 lists the cost of operating the county farm (salaries, machinery purchased, fertilizer and seed, and the repairs necessitated by a fire) as \$5,018.69. Against this amount the county received the following monies:

Refund by insurance company for fire	\$1,238.67
Refund for agricultural lime	70.36
Sale of livestock	10.00
Eggs, meat, butter and milk furnished to infirmary (market price)	3,801.60

Total credits \$5,120.63
Total cost \$5,018.69
Net cost \$91.94

"This shows a book gain of \$223.45 in addition to hay and food produce on the farm which has a market value of \$800.00.

"The cost of operating the infirmary for 1947 is shown by the controller's report to be:

Operating cost as shown in report	\$49,967.05
Cost of eggs, meat, milk and butter from county farm	3,801.60
Estimated cost of stock on hand from 1946	400.00

Total cost \$54,168.65
Credits to the county infirmary:

Expenses of inmates paid by relatives	\$15,642.69
Estimated cost of stock on hand Jan. 5, 1948	1,500.00
Cost of food (potatoes, cabbage, etc.) raised at county home-market price	1,467.70
Credits	18.54

Total credits \$18,628.93
Net cost of operating infirmary \$35,539.72
Total inmates days in 1947: 55,431
Cost to county per inmate per day: 641c

"I wish to take this opportunity to publicly thank Mr. Earl Wilmer, Mr. and Mrs. Samuel Cutler and the entire staff of the county home and farm through whose co-operation and unselfish efforts the Lawrence County Home and Farm have been maintained second to none in the state while the costs have been kept to less than 65c a day per person. I wish to thank too, the various bread, meat, and grocery companies who went out of their way to help me during the war-time shortages."

Collect \$2,500 Delinquent Tax

Approximately \$2,500 has been paid in delinquent occupational taxes during January and February, according to an attaché of the solicitor's office. Notices requiring payment are being delivered by the city policemen, in plainclothes. Delinquents have 30 days in which to pay the delinquent tax.

In the general post office of Capetown, South Africa, a rock which was originally used to hold down letters for collection by passing ships is preserved today.

Cabbies Vote Down Company Proposal

PITTSBURGH, March 4.—(INS)—The strike of 1,100 Yellow Cab taxi drivers was on again in full gear today after the union turned down a company offer.

At a secret meeting Wednesday, 611 drivers voted to turn down the Yellow Cab offer, and 153 were in favor of accepting it. The union's executive board had recommended accepting the company proposals. The strikers objected most strongly to a company proposal for periodical physical examination of drivers, and to a weekly minimum clause. At the same time the company announced it will appeal to the public utility commission for

an increase in cab rates to meet rising costs involved in their offer to settle the strike.

No date has been set for the resumption of negotiations.

Communists Attack Resigned Diplomat

PRAGUE, March 4.—(INS)—Czechoslovakia's former ambassador to the United States, Juraj Slavik, who resigned his post in Washington yesterday, was denounced today by the Prague radio.

The Prague transmitter asserted

that only last Tuesday Slavik had sent a "declaration of loyalty" to the Communist-dominated government.

Commenting on his action in quitting yesterday in protest against Communist seizure of control in his country, the Prague radio continued:

"This shows that Slavik's weakness of character proves he is not worthy of being a Czech diplomat or citizen."

Air Defense System Of 35,000 Top Planes Needed As Safeguard

WASHINGTON, March 4.—(INS)—The congressional aviation policy board declared that the United States must have an air defense system of 35,000 planes as a safeguard against "deliberate" threats of attack with weapons "more terrible" than the atomic bomb.

The board headed by Sen Brewster (R) Maine, formally urged a five-year defense program, including universal military training. The preparedness costs, the report said, ultimately would be nearly \$19,000,000,000 a year.

Observers pointed out that extreme significance attaches to the findings in the light of such continuing aggression as the seizure of power in Czechoslovakia and the Russian proposal to "embrace" Finland in a so-called defense pact.

The 10-member board grimly cited the "political war" now raging all over the world. It emphasized that "sparks may be struck, even accidentally, that can easily flare into open warfare."

Details of the report, which is based on a survey lasting nearly six months, were disclosed in an exclusive International News Service dispatch from Washington Feb. 24.

Under the board's recommendation, the overall five-year security plan to be launched in 1949 would cost \$78,000,000,000. Outlay would range from \$11,000,000,000 asked by President Truman for defense purposes in the fiscal year beginning July 1 to \$19,000,000,000 in 1953.

An alternate plan costing \$70,000,000,000 would give the United States power to withstand an initial crippling blow, and ability to defend America's shores and re-taliate effectively. But the second plan would not include equipment for the sustained offensive included in the \$78,000,000,000 blueprint.

The board said top priority should go to development of atomic power plants for military aircraft. This is necessary, the report noted, for

space—soon to become a hotel parking lot.

The police department has moved to a fashionable new home three blocks down the street, much to the relief of some of the regular patrons of the southern Nevada city's housegown.

Many a village cut-up became law-abiding overnight after spending a brief spell in the indescribably filthy old jail, which, in its last days of existence, defied all sanitary measures.

100 Instead of 20
 Often as many as 100 prisoners were jailed in the cell built to accommodate 20.

The odious bastille was dubbed the "blue room" by an unknown occupant who one night scrawled the name in big chalk letters on a cell wall, along with some choice, unprintable epithets.

Absurdly incongruous as the term may have been, most of the jail's occupants failed to appreciate its humor.

They were too busy pulling off lice.

Ten On Trial In Plotting Death Of Three In Korea

SEOUL, March 4.—(INS)—Ten men were on trial before a military commission in Seoul Wednesday on a charge of plotting the death of Chang Duk Soo, Ahn Chai Hong and Pal Eun Hi. Two of the ten defendants were accused of murdering Chang last Dec. 2.

Four of the men are members of the Korean National Congress. In his opening statement the prosecutor charged that political motives were involved in the conspiracy and murder. He said that Chang and others had declared a willingness to cooperate with the allied joint commission. The Korean National Congress was opposed to cooperation.

Local Church Will Vote On Merger

First Congregational To Vote On
Merger With Evangelical And
Reformed Church In America

On Sunday evening, the First
Congregational church, East Rey-
nolds street, will begin to vote on
the proposed merger with the
Evangelical and Reformed Church,
in America.

Rev. Thomas J. Jones, the pas-
tor, announces that the official bal-

lots have been received, and will
be given out to the members, at
the service, Sunday evening, at
7:30.

It is expected that the balloting
will be completed, and all returns
submitted to the New York office
of the denomination, not later than
April 1. Every member of the
church is allowed to vote.

Two Proposals
The ballot contains two pro-
posals. First—Resolved that this
body hereby registers its decision
upon the proposal to unite the
Evangelical and Reformed Church,
and the Congregational Christian
churches, into the United Church
of Christ, in accordance with the
Basis of Union, dated January 22,
1947.

Second—Resolved that in the
event of the consummation of the
union, this body hereby undertakes
to continue the same relations with
the United Church of Christ, that
it now holds with the Fellowship
of the Congregational Christian
churches.

The proposed merger is attract-
ing wide interest, inasmuch as it
seeks to combine into one, the
Presbyterian and Congregational
forms of church government. The
Evangelical and Reformed Church
in Pennsylvania, is much stronger
than the Congregational churches.
The pastor will preface the vot-

ing on Sunday evening, with a dis-
cussion of the motives behind the
merger, and its merit as an ad-
venture in Protestant Church unity.
Henry T. Jones, executive chair-
man, of the church, will preside
during the voting, and the probable
discussion of the issues. He will
appoint the official tellers for the
balloting.

Convict Man In Slaying Of Wife

WEST CHESTER, Pa., March 4.
(INS)—Lacey Jennings, 41, was
convicted late last night of first
degree murder in the shotgun
slaying of his wife six years ago.

A Chester county jury returned
the verdict after five hours of de-
liberation, and recommended life
imprisonment.

Mrs. Jennings was killed in the
home of Sylvester Hagen, a Union-
ville blacksmith, Oct. 27, 1941.
Jennings maintained the shotgun
was discharged accidentally.

Loyalty List On Congress Members Has Been Destroyed

WASHINGTON, March 4.—(INS)
—A congressional committee re-
ported Wednesday that the Civil
Service Commission has destroyed
its "loyalty file" on members of
congress.

The house executive expendi-
tures committee declared that the
file was destroyed after a series of
protests that the commission had
no right to collect information on
the loyalty of members of con-
gress.

Calls For Report
The committee unanimously re-
commended in a formal report that
congress adopt a joint resolution di-
recting the commission to make
available to congress "any and all
information in its possession bear-
ing upon the acts and opinions of
members of congress" and non-gov-
ernment employees.

The Civil Service commissioners
refused last year at a public hear-
ing to permit a committee member
to scrutinize its files on the ground
that they were confidential. Rep.

Larry Parks Is Loser In Court On Salary Issue

LOS ANGELES, March 4.—
(INS)—Actor Larry Parks went
back to his \$800 weekly salary
with Columbia studio today, his
hopes of breaking his seven-year
contract voided.

Federal Judge William C.
Mathes ruled yesterday that the
star of "The Jolson Story" had
waived his right to rescind the
contract by delaying efforts to
break it.

Mathes contended that Parks
signed the contract under undue
influence, but said the actor had
enjoyed the benefits of three star-
ring roles in big pictures before
challenging the contract, hence
he could not break it.

The Spanish armada, in 1588,
consisted of 132 ships, 3,165 can-
nons, 10,854 seamen and 23,200
soldiers.

Britain Picks Up Final 100 Million

WASHINGTON, March 4.—(INS)
—The treasury revealed Wednes-
day that Great Britain has with-
drawn the last 100 million dollars
of its three billion 750 million
dollar loan from the United States.
The disclosure was made in the
daily statement of the Treasury

Department, which said that the
withdrawal was made Monday.
The loan was negotiated in June
1945, and was expected to last be-
tween three and five years.

In 1947 citizens of the United
States saved at a rate of about 6.7
per cent of disposable income
compared with about 24.4 per cent
in 1944.

More Industries Are Asked To Curb Their Use Of Grain

WASHINGTON, March 4.—(INS)—The agriculture department prepared to ask at least three more grain-using industries to adopt voluntary conservation programs.

Proposals, geared chiefly to limitations on grain inventories, are being drafted for mixed feed manufacturers, wheat flour and dry corn millers, and self-rising wheat flour blenders.

At the same time, the department apparently has abandoned plans to bring the meat packing and poultry industries into the grain-saving drive. Spokesmen for the packers have said flatly that they do not fit into the conservation program.

MILLBURN

Mr. and Mrs. O. D. Anderson announce the birth of a baby daughter at the Jameson hospital on Thursday evening, Feb. 28.

A Washington birthday program, consisting of several readings on the life and character of our first president, music, and a stunt "Forty Ways To Cross" was presented at the last meeting of Millburn grange by the lecturer, Stephen Lukacs. The grange members furnished the lunch for the Annual Agricultural meeting at Mercer, realizing a nice profit.

POLICE PENSIONS
HARRISBURG, March 4.—(INS)—Auditor General G. Harold Wagner announced today that \$1,058,745 was distributed among municipalities for police pension funds during 1947.

The money represented half of the two per cent tax on foreign casualty insurance premiums written in Pennsylvania. Wagner said. Distributions had increased by "more than a quarter million dollars" since the first payments were made on the tax collected in 1944, according to Wagner.

Frost is more likely to occur on clear nights than on cloudy ones because clouds blanket the earth like a quilt on a sleeping person, preventing loss of heat by radiation. Clear air allows the earth to re-radiate the heat which it has stored during the day.

A&P's "SUPER-RIGHT" Meats Are Today's

When buying meat, remember . . . the price per pound isn't the whole story! What you get for your money is . . . mighty important, too. If it's largely bone, fat and coarse meat that you can't put to best use, you're obviously not getting your money's worth . . . no matter how low the price per pound. That's why A&P's quality-famous "Super Right" meats are Close-Trimmed to remove this excessive waste before they're weighed—not after. Result? You pay for . . . and get . . . only the choice portion of each tender, juicy "Super Right" cut you buy . . . the portion that gives you the most good eating for every single cent you spend. If that's what you want, then "Super Right" is your meat! Try it and see!

Tons Of Silt May Be Converted Into Fuel At Big Profit

PHILADELPHIA, March 4.—(INS)—The Anthracite Institute disclosed today that millions of tons of silt which have plagued Pennsylvania waterways for years may soon be put to commercial use at a profit to hard coal operators.

Frank W. Earnest, Jr., president of the institute, said a "huge new source of fuel will be made available in the coming months" through a new process for converting hard coal silt into fuel gas.

He explained that, in another form, this gas produced from hitherto waste anthracite material will provide synthetic petroleum products and chemical synthetics such as ammonia and methanol.

Tons Available
Earnest estimated that 200 million tons of anthracite silt are immediately available for conversion. The silt, about the size of granulated sugar, has accumulated for years.

He explained that a new process, related to the German method for gasifying brown coal, is being studied at the institute's laboratories in Wilkes-Barre.

Dr. Raymond C. Johnson, vice president in charge of research for the institute, described the silt as an excellent fuel for the production of these gases because "it is non-choking, non-caking, free of tar, has a low sulphur content and a high ash-fusion temperature."

**Bomb Scare In
New York Ends**
NEW YORK, March 4.—(INS)—New York police called off an intensive bomb hunt today after a search of railroad and subway stations in the wake of discovery of a "sabotage plan" disclosed nothing.

Police said that the plan, discovered by postal authorities in a blank envelope, was probably the work of a crank.

Written on five pages of student note paper, the plan outlined in detail how New York City was to be paralyzed by bombings.

It called for demolition of railroad stations, ferries and the general post office.

The police called in the bomb squad, the emergency division, the police laboratory and other units, as well as railroad police, to join in the bomb hunt.

UEW-Westinghouse Conclude Conference

NEW YORK, March 4.—(INS)—The United Electrical, Radio and Machine Workers Union of America, (CIO) and Westinghouse Electric and Manufacturing Corp. con-

cluded three days of negotiations yesterday. Only non-economic matters were discussed.

A joint statement by international union representative Edward Matthews, and Westinghouse Vice-President W. O. Littman, announced that the next meeting will be held in Pittsburgh during the week of March 14.

Have You Noticed

the change in food prices lately? If prices continue to decline you soon will be able to buy a bushel of food for a bushel of money. When I read the ads in the paper and see food offered for sale at such high prices I feel that I should go into some other business which does not show such a big profit, maybe the newspaper business. Probably the real food prices are so high that there aren't enough of food stores—no competition.

No doubt you will agree that I have no competition in the meat department. As I employ only meat cutters that are scientifically trained in weighing as well as handling. I seldom have a complaint from customers receiving overweight. Thumbs have been sold often enough. You may be interested in a ham for Easter or maybe sooner. I save Swifts Premium. I can guarantee you the price until March 27th if you place your order before March 18. If price declines you get the low price. The price is now 50c to 55c lb. depending on size. Or if you prefer, I have nationally known brands—Wilson's, Cudahy's. The nation's favorite "Ground Humburg". No bone, no waste, no chewing, no need to add shortening, just right amount added to insure proper cooking, 39c pound.

Here's the rabbit food that will put the hope in you. Calif. green top carrots, large bunches, 2 for 15c.

A good way to get your drinking water. Garden fresh Lettuce 95% water. Nicely wilted. 2 lbs. 25c.

Cheaper than you could buy the plants. New green cabbage selling at 3 lbs. 10c. No two heads alike, select your own.

You may buy frozen strawberries for less but these are sliced lengthwise. Going at 35c. pkg. Could you use a half gallon Golden Dawn Dill Pickles, medium size, only 39c. This also includes the jar.

Should be used at every meal until sold at this low price. Apricot Nectar, 11½ oz. jar, 5c a jar or 2 for 11c.

No need to wear goggles on your eyes when you can buy canned grapefruit sections at 2 cans 25c.

Here's a dressing you can use on salads, upholstery, doors or floors. Its Golden Dawn, full pint, 29c.

If you do not like prunes you should like them at this price. Hearts Delight California extra large, tinned 1 lb. pkg. 15c.

I sometimes wonder what they do with all the taxpayers money. Seems they just spend it like it didn't belong to them. Maybe they are afraid they might get stuck with some.

I am really stuck with yellow free stone peaches in syrup. They are peeled halves, large cans 18c or 24 cans to a case at \$4.25. You only have one chance at these.

It doesn't pay to can apricots when you can buy Calif. Apricots in syrup. Whole and unpeeled. Large can 17c or \$1.98 dozen.

Just received a shipment of Minute Tapioca, 5½ oz. pkg., cooks in 15 to 20 min., sells at 15c. Don't like plum preserves, selling it out at 15c jar, full pound.

You may want to pay more than a dime, to quantity buyers 10 for \$1.00. Check the list below:

Jackson's Kidney Beans, 16 oz. can; May Fair Dice Pickle Chips, pt. jar; Scott County Vegetable Soup, 20 oz. can; Mixed Vegetables, 20 oz. can; Scott Tissue Toilet Roll; Van Camp Spaghetti, 17 oz. jar; Brown Sugar, 1 lb. pkg.

If you have any Bocu Coffee coupons laying around, bring them in—each coupon is worth 15c. Reduces price of coffee to 35c lb.

Don't need to hunt for the cake of soap—Floats along like a Swan. 2 lg. bars 35c.

You really should wash all your new clothes before you wear 'em with Rinsol. No need to have wash day just open the package, sprinkle on lightly shake and iron. Be careful not to put too much in washer or you will drown yourself in suds. Lg. pkg. 35c.

Swifts All Sweet Oleo is really a treat to you and your pocket book at 40c lb.

If you can buy fancy hand picked Navy Beans for less than 2 lbs. 35c, don't buy 'em here.

For real Vita-Minnies why not try Old Fashioned Steel Cut Oat Meal, 24 oz. pkg. 25c.

If you want to save the worry and tear on your head and feet just pull your car in the rear of our store to customer's parking lot. This is if you want to deal at Brennenman's Mkt. If not the city is still operating parking on streets at 1c to 5c. I would appreciate your throwing business their way if you do not care to deal at my store.

Recreation Camp For Children Up To Army Approval

HARRISBURG, March 4.—(INS)—Adjutant General Frank A. Weber said today the Army today the responsibility of making a section of the Indiantown Gap Military Reservation available as a camp for underprivileged children.

Weber said the Army ground forces had rejected last month his first request for clearance so that Gov. James H. Duff could proceed with plans to open a summer camp for children.

A request for reconsideration has been made, he added, because the Pennsylvania National Guard has "not a thing to say about use of the reservation."

Army permission was necessary, he added, even for holding the PNC's summer encampment.

Army spokesmen in Washington had alleged that the Army controlled only a few buildings on the sprawling 16,500-acre cantonment.

Weber said the military post was controlled by the Army under a wartime lease that will not expire until 1962.

Duff wants to utilize an area fringing a small artificial lake for the site of a camp that could accommodate several thousand city-bound youngsters whose parents could not afford to send them to camp.

The project was one of his campaign promises and dovetails with his general program for promoting and utilizing properly the state's parks and recreational areas.

Wage Ordinance To Affect J.&L.

ALTIQUIPPA, Pa., March 4.—(INS)—Thousands of employees at the Jones & Laughlin Steel Corporation's plant in Aliquippa who are employed here but live elsewhere will be affected by a proposed four mill wage and income tax.

The tax, which is awaiting final action by the Aliquippa Borough Council, would affect persons who work in the borough whether they live there or not.

The ordinance was passed over the opposition of the United Steelworkers Union.

SELECT POOL SITE

BUTLER, Pa., March 4.—(INS)—Butler Mayor William C. Campbell announced Wednesday that the city council has selected the site for a \$150,000 municipal swimming pool.

Council had hoped to locate the pool in the west end of town near the Pullman Memorial Park. However, prohibitive price demands for the Gulf property near the park discouraged the city.

Instead, the pool will be located on Miller street.

Pennsy Adds More Diesel Engines

PITTSBURGH, March 4.—(INS)—The Pennsylvania Railroad announced today that five more diesel-powered switch engines have been placed in service in the Pittsburgh district, bringing to seven the number now in operation.

The railroad placed an order for the Diesel engines during a coal strike a year ago that forced it to cancel a number of regular runs of commuter and other passenger trains. The action brought a protest from the United Mine Workers in Pittsburgh.

Forty-five more Diesel switchers are on order for the Pittsburgh

district, J. A. Appleton, vice-president of the company said.

Already, 28 road passenger diesels and 11 huge road freight Diesels are operating through Pittsburgh.

Eleven Jews Die In Clash With Arab Band, 13 Wounded

JERUSALEM, March 4.—(INS)—Eleven Jews were killed and 13 were wounded today in a clash with Arabs northwest of Jerusalem.

Reports of the engagement conflicted. Jews said a convoy of theirs ran into an Arab ambush. Reliable Arab sources said that Jewish Hagana units were planting a road mine which exploded prematurely.

The Arab story is that some of the Jews were killed by the explosion which attracted Arabs who

then attacked the Jews, killing 10 and capturing six.

Claim 15 Killed

One official Arab source claimed 15 Jews in all were killed.

The Jews said that a Hagana escort ran into a force of uniformed Arabs near the Kalandrei airport after a Jewish settlement had signalled a warning of the presence of a mine and of Arabs hiding in ambush.

The Jews claimed that the Arabs suffered casualties in the ensuing engagement.

City Hall

Tax Collection Will Be Pressed

Delinquents To Face Legal Action By City To Force Payment

OTHER NEWS OF COUNCIL SESSION

Mayor John F. Haven in council meeting Thursday in city hall, reported it is the intention of the city to proceed against persons who have received 30 days notice, but who have not yet paid delinquent occupational taxes. In accordance with the report, orders were issued to the city's legal staff to proceed toward collecting taxes. Solicitor Robert White said two courses would be followed: (1) those who owe the city, and who are employed, will find their employer being requested to deduct the tax from their wages; (2) persons unemployed, will be sued in aldermanic court, judgments procured, and a levy made upon refrigerators, radios or automobiles. There is more than \$30,000 occupational tax due, of which only approximately \$2,500, has been collected.

PROPOSE NEW EQUIPMENT
Mayor John F. Haven today asked councilmen sanction to advertise for three new cars for police. It is proposed to sell the present cars. Council authorized the city clerk, Jack Fritz, to ask for bids to be opened March 18. Councilman James Gibson requested similar sanction to take bids for a truck, to be either of one-half ton, or one ton capacity. The advertisement was authorized. Bids will be opened March 18. Councilman Joseph D. Alexander was authorized to ask for bids for a Fairway mower, and also for a weed killing liquid. The weeds on hoes 5, 9, 10 and 18 of Sylvan Heights golf course will be destroyed.

RAISE POLICE PENSIONS
Council received a report from the City Police Pension board, which asked permission to invest \$10,000, in U.S. government bonds. Sanction was granted. The board also reported that pensions to retired police, have been raised from \$60 to \$78.50 per month, retroactive to March 1.

Mayor Haven presented a report of February police activities, which shows receipts totaled \$1,110 of which \$858 came from fines and forfeits. Three hundred and thirty-five persons were arrested, of whom 236 were fined, or abandoned forfeits. Of the 236, 201 received tags for violating the parking ordinance.

MAKE 335 ARRESTS
Other arrests were for violating traffic, 13; drunkenness and disorderly conduct, 38; disorderly conduct, 15; violating the firearms act, one; lottery, one; operating disorderly house, one; visitors to a disorderly house, 13; drunken driving one; burglary, one; proprietor of gambling house, one. The others jailed were for other offenses.

Of the 335 arrested, one was sent to the county jail from police court, 64 were discharged in the same court; eight failed to appear for a hearing, and abandoned bail pieces; 15 were given into custody of aldermen, and two were placed in charge of the sheriff. Various disposition was made of the other cases.

OPEN BIDS MARCH 15
City Clerk Jack Fritz informed council that March 15, was the time designated by council a month ago, for the opening of bids for the sale of the present city building. Bids for the construction of the super-structure of the new city building, will be opened in April.

ORDER BILLS PAID
Among the larger bills approved by council, and ordered paid today were: Pennsylvania Power company for street lighting and illumination of buildings, \$5,586.74; Tidewater Oil company, \$708.20; New Castle Water company, \$1,300.82; Atlantic Gasoline company, \$233.48; Love Coal company, \$399.72; Duncan Meter corporation, \$1,378; Scarsdale Coal company, \$143.77; Kountz Equipment company, \$329; Sweeney Coal company, \$68.63; Republic Oil company, \$72.20; Castle Roofing company, \$74.95; and Paul Shoaf's garage, \$90.

DELAY PAYMENT ON SOME
Councilman A. H. Hoyland and Joe D. Alexander agreed to pore

over the bills, and postpone payment of those which do not give a discount for prompt payment, because of Hoyland's statement, that the city has no surplus money, at present, and he dislikes to borrow more than the \$50,000, already borrowed. The delay on some of the bills will be only temporary because taxes for 1948 will begin flowing into the treasury soon.

GIRL SCOUTS

Troop 31
Girl Scouts of Troop 31 gathered around in horseshoe formation and dues were collected. In the process of earning the World Trefoil badge, the whole troop sang songs from foreign countries. Plans were made to sell Girl Scout cookies. Scouts formed their patrols, and the Little Pioneer patrol displayed two centerpieces, made by Darlene Smetana and Eileen Hammond.

In the Pocahontas patrol a dresser scarf was embroidered by Carolyn Natcher. Other patrol scouts are working on Child Care badge. Amelia Bernd is studying the manufacture of glass in working for the glass badge. The Wild Rose Patrol were still working on the tree badge. Lillian Armstrong completed the Star Finder badge. In the Friendship Circle, Eileen Hammond, Margie Cover, Janet Nielsen were given their Girl Scout pins and cards.

MEASLES

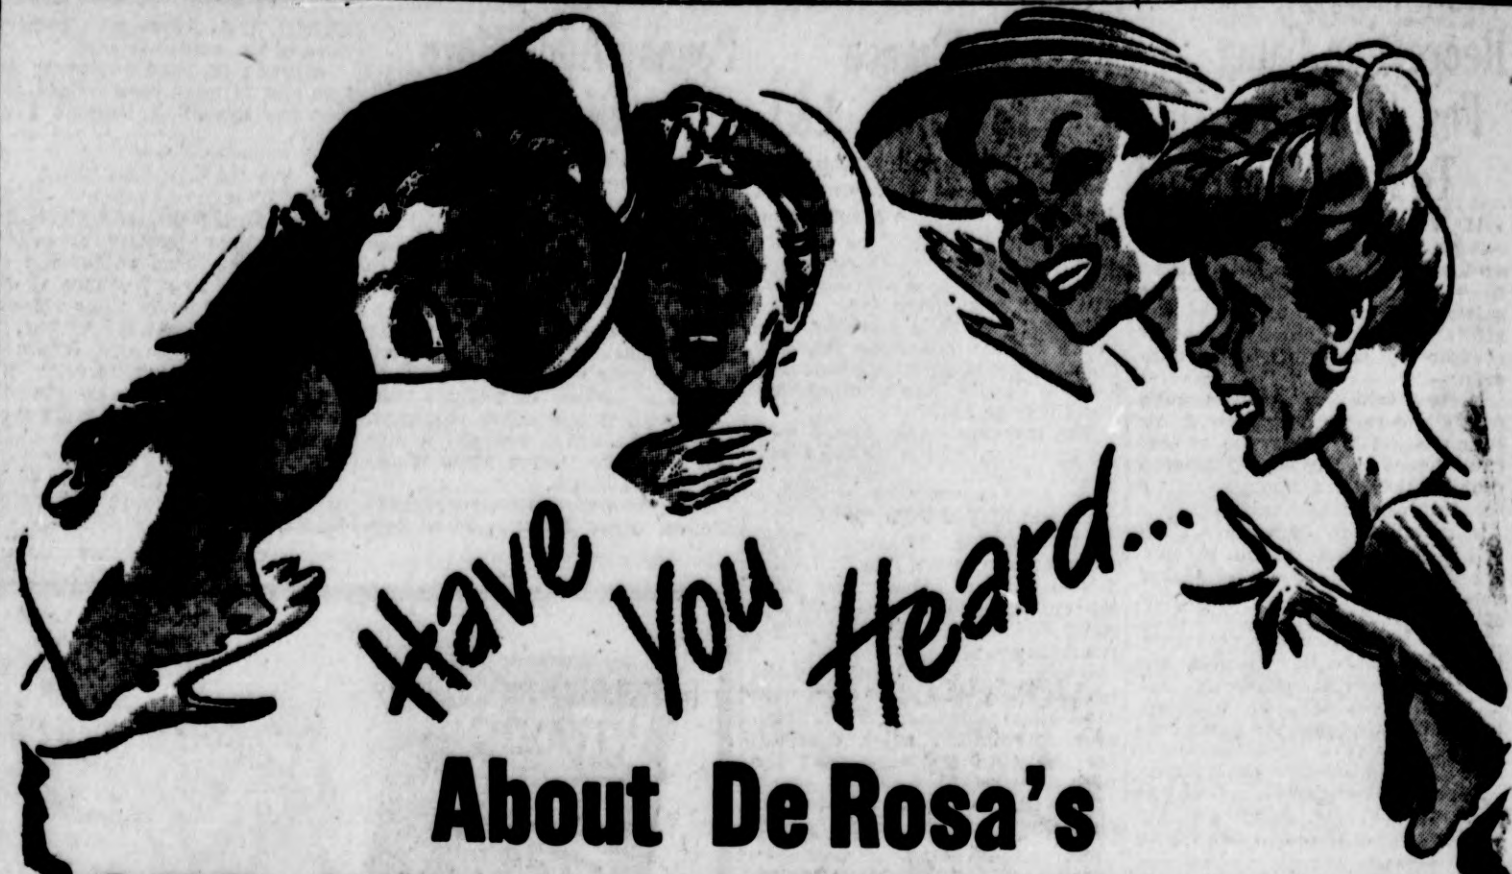

Measles is a disease which seems to be always with us. We have a few cases all the time. Then at intervals we have epidemics. Sometimes measles causes very serious trouble. It is especially dangerous in young infants. It can cause much damage too in children who are not in good physical condition.

One attack of measles usually protects the child from any future attack. There is a treatment which will prevent a child from taking measles or at least make it very mild. If a young infant or a sick child has been exposed to measles it is a good idea to consult the family doctor as to the use of this preventive treatment.

CORRESPONDENCE ROMANCE

"About two months ago, I met a boy who had been here at school and whom I like immensely. He has now gone back to his home town. Do you think I may properly take the initiative in a correspondence with him? He is one of the most attractive boys I have ever met and I hate to lose this opportunity of knowing him better." Barbara.

Answer: Unless the boy was immensely impressed with you and gave you a "big rush" while he was in your town, do not "chase him" through correspondence any more than you would give him unsolicited phone calls if he were there.

Girls do not pursue boys by correspondence any more than they do for dates. If he asked you to write to him, you may correctly do so; but do not continue corresponding if he does not answer within a reasonable time.

If you do start a correspondence with him don't expect his undivided attention. Keep it on a basis of friendship only until he makes a definite overture toward a more serious trend. Any boy who is really interested in a girl will

usually take the initiative in correspondence. However, if you are a clever correspondent and feel that you had little opportunity to impress him thus far, you may take a chance with your pen.

Question: I have invited a friend to visit me and attend some games and shows. Am I obliged to pay her traveling and hotel expenses? Just what are my duties?—June.

Answer: Meet her at the station and take her to your home where she should be invited to remain during her visit. If, for some reason you cannot ask her to stay at your house, you should offer to pay her hotel expenses if you can afford to do so. Her traveling expenses are her own. Tickets to games and shows should be supplied by you, unless you and she mutually agree on "Dutch" treat. If she offers to take you to lunch, dinner, etc., accept.

Miss Markel will promptly mail personal answers to question from any reader inclosing a self-addressed, stamped envelope.

Clenmore P. T. A. met Tuesday evening at the school. Following the business meeting the program for the evening was presented. Mrs. Betty White favored the group with two vocal solos, "Where the Four Leaf Clover Grows" and "The Coo Coo Clock". Mrs. Arthur Hennen accompanied her at the piano. Some of the sixth grade pupils under the direction of Mrs. Hennen and

Mrs. White, presented a one act comedy, "Uncle Joe's Will". Those taking part were, Betty Hill, Mary Lou Thomas, Eugene Ferry, John Chapman, Gerald Bailey, Donald Beck, David Reynolds and Ronnie Parkanon.

Following the program a delicious lunch was served with the teachers of the school as the hostesses. The next meeting will be held Thursday, April 8.

United States To Abide By Action Of Five Powers

WASHINGTON, March 4.—(INS)—Under Secretary of State Lovett said Wednesday that there will be no decision by the United States on military and political assistance to western Europe until the five-power alliance is put forth in specific form.

He told a news conference that reporters could take it for granted that the United States is considering all manners by which it can aid such a pact which has already been heavily endorsed by the state department.

Europe Must Decide
Lovett pointed out that any such decision would not be entirely within the purview of the state department inasmuch as other agencies of the government would be involved.

Elsewhere it was indicated that the United States feels that the question of a western European union is manifestly a matter for Europe to decide.

Lovett denied all knowledge of reports from London that Ambassador to Britain Louis Douglas had told the powers meeting there on the economic future for western Germany that the United States would give support with a military pact.

Methodists To Join For Service Sunday
Members of the Methodist churches of the New Castle area will have a union service in the First Methodist church Sunday evening at 7:30 o'clock, when they will hear Dr. Harry Alan Price of Pittsburgh.

In the beginning of the second world war, Dr. Price was pastor of one of the leading Pittsburgh churches and also a bachelor. His friends jokingly suggested to him that inasmuch as he had no family he should join the ranks of the chaplaincy. Dr. Price gave the matter considerable thought and ended by doing this very thing. He was well liked and soon rose to the rank of major. As a chaplain he was sent into the warfare in the Pacific. Dr. Price says "A fellow will do anything on one of those Pacific islands", so he was married to an army nurse who had the rank of lieutenant colonel. Upon his

Court Upholds George Mueller

PITTSBURGH, March 4.—(INS)—George L. Mueller was still president of the disension torn Duquesne Light independent union today following a court ruling upholding him.

Wednesday, a panel of common pleas court judges ruled that Mueller was legally elected to a four-year term in Nov. 1945. The judges thus dismissed the suit by which a "save the union" committee had sought to oust Mueller from the office.

The court also ruled against an argument of the anti-Mueller faction that constitutional amendment changing the president's term from one to four years were lawfully adopted in a special election held in October 1945.

STRUTHERS, O., March 4.—Rev. Emerson Ray, pastor of the United Presbyterian Church, Crafton, Pa., will be asked to accept the pastorate of the Struthers

United Presbyterian Church, Thursday, March 11, when the congregation meets at the church. The Struthers church has been without a pastor since Oct. 12, when Rev. L. A. Gordon left to accept a call to Erie, Pa.

FOOD AND DRINK FROM TREE
The Australian bottle tree furnishes food and drink for the natives. The bottle-shaped trunk holds water and contains a mucilaginous substance used as a food by the aborigines.

IN PLACE OF DRINKING
Desert animals are able to do without drinking because of their specialized ability to change the starchy part of their food into water.

WITHDREW FOR BREAKFAST
The battle of Manila was started 3 a. m., but shortly thereafter the American squadron withdrew to permit the officers and men to eat breakfast.

Recipe for a Daylight Kitchen

No wonder the kitchen is close to being Mom's favorite room! With plenty of soft, cool fluorescent lighting, Mom gets "daylight" indoors no matter what the weather or time of day. Seeing is so much more comfortable that almost every kitchen task is quicker and easier.

WHAT YOU NEED—To get enough general illumination for an average-size kitchen, lighting experts recommend a properly-designed fixture, containing two 40-watt fluorescent lamps. And with additional lighting units over the sink or work-counter and over the range, Mom has plenty of light in every part of the room.

Seventh Ward

Civic Club Plans Waste Paper Drive

Collection Day in Ward March 10; Fund To Be Used For Youth Recreation
 At their headquarters, Tuesday noon, members of the Seventh Ward Civic Club gathered for their weekly meeting, with Manning Weiler presiding.
 Plans were made for a paper drive in the ward, collection to be made on Wednesday afternoon, March 10, from four to six o'clock.
 It is requested that magazines and newspapers be bundled separately, as magazines draw the higher price. The money raised from sale of waste paper will be used to finance a weekly fun night, for boys and girls of the community.
 Should the weather be favorable, the bundles of paper may be placed on the curb for the pickup, and in the case of wet weather, folks are asked to place bundles on their porches for collection.

1937 Club To Have Dance, Floor Show

At St. Margaret's hall, North Liberty street, 1937 Club members gathered on Wednesday evening for their regular business meeting. Mrs. Margaret Masters, president, was in charge.
 Plans were discussed regarding an after Easter dance and floor show, on Saturday evening, April 4. Mrs. Mary Russo, chairlady, is in charge of arrangements.
 Names of new applicants for membership were received and an initiation party will be held for new members, at next regular meeting. The old members will be hostesses to the group. At each meeting, there will be a social committee, to entertain for birthday anniversaries of members.
 At the close, splendid refreshments were served by Mrs. Cecelia Perrotta and Mrs. Mary Russo.
 Wednesday evening, April 7, is date scheduled for next regular meeting, in the hall.

FRIENDSHIP CIRCLE MEETS AT SEARS HOME

At the home of Mrs. Arthur Sears of Mt. Jackson-Bessemer road, the Friendship Circle of Mt. Jackson U. P. church, met on Tuesday evening. The devotional exercises were led by Mrs. Lov Gwin.
 Mrs. Clifford Ferree was in charge of the business session.

BOY SCOUTS X4 WILL MEET THIS EVENING

This evening, at 7 o'clock, members of Boy Scout Troop X4, will meet in front of Mahoning Methodist church, and proceed to the ball park, end of West Clayton street for an outdoor meeting.
 All those that handled merit badge exhibition tickets, are requested to bring an accounting of them, to the meeting.
 Robert Olmstead, scoutmaster.

BLOOMING PUSKY WILLOWS

John Ong of R.D. 7, Mahoningtown, has a few small branches of willow, in vases of which are now fully open. Mrs. Long brought them in, a few weeks ago, especially for her young granddaughters, one of whom has been quite ill for about two months.

SEES HERD OF DEER

On the farm of her father, John F. Miller, North Beaver Township, Mrs. Marian Shaffer, of Mt. Jackson-Edenburgh road, saw a herd of over a dozen deer, a few days ago. She reports they made a pretty sight, marching through the field, with three in the lead, with two bringing up the rear, seeming to have lost contact with the others. The deer were large.

MCCOY CLASS TONIGHT

Mrs. J. L. Pettie, of 516 West Clayton street, will be hostess, this evening, to the McCoy Bible class of Mahoning Methodist church, at 7:30.

Income Tax Talk Heard At Meeting

Philip Weiner Makes Address To Wolves Club At Tuesday Dinner-Meeting

At the Wolves club dinner-meeting held Tuesday evening at The Castleton, at 6:30 o'clock, members heard as the evening speaker, Philip Weiner, income tax certified public accountant.
 Mr. Weiner spoke on "Income Tax and its Laws." He stressed the fact to think of the tax, when during the year you transact any form of business, and when a person makes any periodical returns. He emphasized the importance of not waiting until March, for in some cases, it is too late.
 Mr. Weiner cited instances when specific thought was given to income tax in transactions, which proved beneficial by a lower rate to the person, come March 15.
 Afterwards he conducted a question-answer period.
 Nicholas Casalandra presided, and Angelo Frediani, reported on the new cancer drive.
 James Lombardo and his social committee announced that the annual Fathers-Sons banquet will be Tuesday, April 6, at The Castleton. Guests were present on this occasion from Ellwood City: Joseph Ferrara, Dr. Joseph Matezei, Joseph Lauzeze, Frank Biorzi, Steve Rubino, Iseman Moriotti, Andy Biorzi and Paul Contrucci.

Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.
 Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.
 No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

New Castle Firm Gets Mercer Court House Light Job

MERCER, March 4.—The Bruce Marrilees Co. of New Castle, was the successful bidder for a lighting contract in the court house awarded by the county commissioners.
 The new system will include more modern equipment in the

two-room suite of the judge's chambers and two rooms in the county school superintendent's office.
 The New Castle firm's bid was \$1,365. While it was \$15 higher than that of the Palumbo Electric Co. in Farrell, the latter was disqualified because it failed to accompany its bid with a certified check. Seven companies submitted prices ranging as high as \$3,495.
 Archery is rapidly increasing in popularity in the United States, according to the National Recreation association.

Hairdressers Discuss New Styles For Easter

By ELIZABETH FAIRBAIN
(L. N. S. Staff Correspondent)

CHICAGO, March 4.—The cross has yet to rear its pretty head in these parts, but the hairdressers are busy contemplating what will be worn near those Easter bonnets.

And in her most dramatic tones, Mrs. Lillian Boynton, chairman of the board of directors of the Chicago and Illinois Hairdressers' Association, which is sponsoring the current mid-west beauty trade show in Chicago, explained what lies ahead. She said:

"Spring hair fashions will be a 1948 version of the 1924 styles. The hair is short and fitted to the head, but short at the nape line, leaving the crown of the hair soft and smooth to fit into the nape line hair."

"The general trend will be to cover the ears, leaving just a tip exposed to be adorned with jewelry or scented with perfume."

"Bangs will lend an interest to the hair design but will be smooth and without height such as the former pompadour bang."

Pompadours, she said flatly, "are out". So are the parts in the back of the head. These will be replaced by smooth, well-brushed tresses giving a "Juliet" appearance.

No more frizzy ends or sausage curls, either. The ends will be "tendrill-like" in appearance.

A big item will be the re-appearance of "spit curls" and soft fringes of curls around the face.

Mrs. Boynton didn't think that many American women would be tinting their hair pink, blue or green this spring as some reckless Parisians are doing.

But she did point out that "dread" blondes are now coming out of bottle. Known as "silver" blonde, this hair tint looks almost natural when contrasted to the blatant gold of the usual peroxide job.

Bradford Is Able To Leave Hospital

Clifford Bradford, of 133 E. Edison avenue, who, with his family, was injured when his automobile was struck by the car of Bernard C. Gottschalk, of Aspinwall, February 22, has recovered sufficiently to leave the Jameson Memorial hospital. It will be recalled that Mr. Gottschalk was instantly killed in the crash.

The condition of Mrs. Bradford is also much improved and she had a good night, the hospital stated. Mrs. Helen Gottschalk, wife of Bernard Gottschalk, is somewhat improved, having moments of consciousness, but her condition is still quite serious, and she remains in a comatose condition most of the time.

The Bradford children, Billy and Dicky, in the New Castle hospital, are making satisfactory improvement, it is stated.

MAKING SURVEY OF SAWMILLS IN AREA

The annual survey of sawmills by the U. S. Bureau of the Census has begun in this area, according to announcement from the office of District Supervisor Alfred L. Triggs in the New Federal Building, Pittsburgh.

Census enumerators have already started canvassing sawmills in this area to gather reports for the survey which this year, is being taken as part of the 1947 Census of Manufacturers. All sawmills will be visited by the census takers to secure the proper information and obtaining the correct address and location.

Figures developed from the sawmill survey will include data on lumber production, value of shipments, number of sawmills, employment, wages, cost of material and related items.

Another Sunday School Is Added To Easter Contest

Another Sunday School has been added to the 75 Lawrence County Sunday Schools participating in the 8 weeks pre-Easter increase campaign which is being sponsored by the Lawrence County Sabbath School Association and has for its goals increases in Evangelism, Sunday school attendance, church attendance and Bible Study. This additional Sunday school is the Kings Chapel Methodist of Pulaski District.

For its active leadership the Kings Chapel Methodist has Rev. Merle Weaver as minister, and Mr. C. L. McConnell as Sunday school superintendent. A fine work is being done among the young people, especially, and the Sunday school is divided into two groups of 59 each, the Reds and the Blues. To show how close the contest is, last Sunday the Reds had 158 points and the Blues 156.

The average attendance for last year was 61 and Feb. 8 they had 69, Feb. 15, 86, Feb. 22, 108 and Feb. 29, 100.

The attendance for the other districts where the figures are in, are as follows: Slippery Rock District, Greenwood Methodist 57 and the Princeton Presbyterian, 86. Plaingrove District, Plaingrove Presbyterian, 142, Unity Baptist of Harlanburg, 63, and Plaingrove U. P., 75. The figure for the Newport Methodist of Wampum district for last Sunday just came in, and they had their highest attendance to date, 50. The Pulaski Methodist had an attendance of 43 last Sunday.

G.I. Student Aid Law Requires More Proof Of Dependency

Veterans Must Furnish Certified Birth, Marriage Certificates To Secure Increase

Under the provisions of the law recently signed by President Truman, providing for increased assistance payments to veterans attending full-time educational institutions, it will be necessary for them to furnish proof of dependency, if the veterans are married, Worrell M. Jones, training officer in charge at the U. S. Veterans Administration office here, stated today.

The new law becomes effective April 1, and payments, which will be retroactive to April 1, will be made around July 1.

Single veterans will receive \$75 per month under the new law, and veterans with one dependent will get \$105, and those with more than one dependent, \$120. Photostatic copies of birth certificates or certified copies of marriage certificates will have to be submitted as proof of dependency. Mr. Jones states, and the sooner these are submitted the sooner the veteran will get his money.

The United States has about 6,500 libraries exclusive of those attached to colleges and technical organizations.

WANTS BRITISH OR N. AMERICAN PILOTS, OR NONE

RIO DE JANEIRO, March 4. — (INS)—A British aristocrat's faith in Anglo-Saxon airplane pilots

created a stir in the Brazilian papers today. According to Rio De Janeiro newspapers, Lord William Dudley refused point-blank to board a Brazilian airliner because the pilot

was "neither British nor North American." Dudley, who was scheduled to leave Brazil for South Africa, left the airport instead—in a huff. The following morning he departed—with assurances that his pilot was a "North American."

Steel Cause Of Delay In State Road Building

By JACK WARD
(U. S. Staff Correspondent)

HARRISBURG, March 4.—The failure of the steel industry to meet delivery schedules has delayed the biggest road-building program in Pennsylvania's history, it was reported by chief highway engineer E. L. Schmidt.

The bridge-building part of the state's record-breaking \$90,000,000 program principally has been effected by the uncertainty of steel deliveries, Schmidt said.

The Highways department has been compelled to extend completion dates of "numerous" bridge contracts when contractors were unable to obtain fabricated steel, he explained.

"I don't think any delivery schedules have been maintained by the steel industry," he declared. "And when a bridge job is held up, the entire highway project is set back."

Has Done "Fairly Well"

Despite the tremendous demand for steel, the Highways department has done "fairly well" in accomplishing its goal, Schmidt added. He pointed out that during 1947 the road-building agency succeeded in putting through a \$72,000,000 construction and improvement program—the largest to date.

"We are hopeful of having as much success with our 1948 plans," he said. "But I understand there is a lot of nervousness concerning the availability of steel this year."

"We don't know if we will be able to place all our projects under contract in 1948 but we'll try. Although we don't think we will, we plan to keep going until we run into a blank wall."

Schmidt pointed out that project delays have little effect on the motoring public since the majority are "entirely new improvements."

For a time, the Highways department experienced some difficulty in obtaining bidders on road projects because of the shortage of labor and uncertainty of supplies, Schmidt said. On recent contract lettings, however, all projects have had bidders, he added.

Central Church On Diamond Host To Youth For Christ

Central Presbyterian church on the Diamond will be the temporary meeting place of New Castle Youth for Christ on Saturday evening at 8 o'clock. The youth rallies have been held at First Baptist church permanent location of the youth movement, but due to trouble in the church heating plant, temporary meeting places are being used. The program this week will be presented by Rev. W. H. Brand, singing evangelist of Fort Wayne, Indiana and the Claus Indian family of Coudersport, Pa. The program will be principally musical, with Rev. Brand bringing the address of the evening.

As soon as a new heating system is installed at the Baptist church, the youth rallies will be resumed there.

All girls in business or professions or industry of the community are invited to participate in all YWCA Business and Industrial Council Activities. Girls in the back row are Edith Martin, Betty Haines, Eunice Jackson, Thelma Stewart, Betty Hamm, Emily Rice, Center, Jessica Jenkins; first row, Marjorie Headland, Shirley Hoch; back, to picture, Mary Virginia Harris and Mildred Engs.

Executive Board Of CIO-UAW Oppose Wallace Candidacy

CHICAGO, March 4.—(INS)—The executive board of the CIO United Automobile Workers Union was opposed today to giving any support to the third party presidential candidacy of Henry A. Wallace.

In a resolution, submitted yesterday by Walter Reuther, union president, the board declared it favored a third party of its own after the 1948 elections.

Favor Third Party

The resolution termed Wallace's third party a "political movement contrary to the best interests of labor and the nation." Reuther said the board favored a third party movement that would include industrial workers, farmers, small business men and professional workers. Such a party, he said, would embrace "everyone honestly committed to winning economic security without surrendering fundamental freedoms."

Blind Vets Get Equipment Repairs Without VA Issue

PHILADELPHIA, March 4.—(INS)—Blind veterans, who have been issued equipment by Veterans Administration to aid them in overcoming their handicap, may now obtain minor repairs to this equipment without prior V.A. approval, Dr. Paul B. Magnuson, chief medical director, announced.

Approximately 6,400 blind veterans are eligible for the new service. They are receiving V.A. prosthetic service cards, similar to those used by amputees to obtain immediate minor repairs to their artificial limbs.

By presenting their cards to any repair shop in any section of the country, blind veterans will receive without delay, repair service up to a limit of \$20, without VA's prior approval.

Nearly half of the veterans who obtain G.I. farm loans are engaging in specialized farming operations, according to a survey of guaranteed loan transactions made by the Veterans Administration.

A study of farm loans closed over a four-months period—May through August of 1947—shows 20 per cent of these veteran farmers engaged primarily in producing grain, cotton, fruits or vegetables, 19 per cent in dairy products, 7 per cent in livestock, and 2 per cent in poultry. The remaining 52 per cent were operating general farms with widely diversified products.

Nearly 40,000 veterans of World War II had received V.A. guaranteed farm loans by the end of 1947, and new applications for such loans during recent months have averaged about 1,400 monthly.

Program Of 4-H Clubs Discussed

Club Leaders From Six Communities Gather Wednesday Evening To Map Program

STATE CLUB LEADER SPEAKS

Eleven club leaders from six communities gathered in the Lawrence County Agricultural Extension Association offices Wednesday evening to discuss the program for the coming year, and to outline the part they will take in developing and expanding the 4-H club program for rural youth in 1948.

Those in attendance included: Miss Marjorie McAnis, Big Beaver; Mrs. Carl Rice, North Beaver; Mrs. Harry Maughan, Mrs. John Klumph, and Mrs. Arthur Wilson, Wilmington township; Mrs. George Pontius and Mrs. W. Roscoe Clement, East Brook, and Hickory township; Mrs. Paul Adams and Mrs. Thomas Sholar, Slippery Rock township; Mrs. Don Burns Sr., and Mrs. Seth Neely, Plaingrove township.

Miss Craumer Speaks

Miss Jean Craumer, assistant home economics extension worker, spoke of the extent of 4-H club work in Pennsylvania and Lawrence county, which revealed that less than 10 per cent of the rural youth of Lawrence county is participating in these programs, which leaves plenty of room for expansion here.

Miss Velma Clark, state club leader, of Penn State College, made a plea for parent cooperation and participation, without which the work cannot grow. An increase of membership, she pointed out, might be one way of securing parent interest in the program.

She also gave a report on a nationwide survey, showing that the 4-H club is accomplishing, and discussed projects, illustrating what is being done by use of slides. There was also an exhibit of 4-H club material.

"Jesus said . . . as the Father hath sent Me, even so send I you."—John 20:21.

By NEWMAN CAMPBELL
(The International Lesson on the above topic for March 7 is Acts 8:26-39, the Memory Verse being John 20:21. "Jesus said . . . as the Father hath sent Me, even so send I you.")

If you do not quite remember the apostle Philip, he is one of the seven in the early Christian church in Jerusalem to supervise the distribution of alms to the widows of the congregation. He was a very devout man and seems to have been held in great esteem by the apostles of the church in Jerusalem for the entire eighth chapter of Acts is devoted to his ministry.

Philip received a visit from an angel of the Lord, who told him to go "toward the south unto the way that goeth down Jerusalem unto Gaza: the same is desert." Gaza was an ancient Philistine city, made famous in the story of Samson. It was a strong fortress two miles from the sea, at the southernmost end of Palestine, toward the Egyptian border. Philip wasted no time after getting the message, but started at once for this distant place over rough roads, no doubt, and desert. Now as he walked along a man came by in a chariot, and as he rode he read from the prophet Isaiah.

This man was a eunuch, an Ethiopian returning from Jerusalem where he had been to worship. He was a man "of great authority" it is written, who held a position of great trust under Candace, queen of Ethiopia. "Who has charge of all her treasure," Candace, we are told, was not the queen's name, but her title like governor, tetrarch or pharaoh.

Philip Approaches Chariot
Prompted by the inner spirit, Philip approached the chariot and heard the eunuch read part of the scripture. He asked the eunuch if he understood what he read. The eunuch said, "How can I, except some man should guide me?" and he asked Philip to get in the chariot beside him. Philip did so, and this was the scripture which he read: "He was led as a sheep to the slaughter; and like a lamb dumb before his shearer, so opened he not his mouth."

In his humiliation his judgment was taken away, and who shall declare his generation? For his life is taken from the earth. Isaiah's prophecy of the coming Christ and His trial and death.

The eunuch asked who this referred to, the prophet or some other man? Then Philip opened his mouth, and began at the same scripture, and preached unto him Jesus. Probably the Ethiopian had never heard of Jesus, but he eagerly listened to what Philip had to say, and believed in the message.

So eager was this man to become a Christian that, as they rode along and came to some

water (some think it was Philip's Fountain, so-called), he said, "see here is water; what doth hinder me to be baptized?"

Philip answered him, "If thou believest with all thine heart, thou mayest. And he answered and said, I believe that Jesus Christ is the Son of God." He commanded the chariot to stand still, and both went down to the water, Philip and the eunuch, and Philip baptized him.

After the baptism, Philip was miraculously snatched away and the eunuch "saw him no more; and he went on his way rejoicing."

We know no more about this Ethiopian. He is never mentioned again, and we also hear no more of Christianity in Ethiopia until the fourth century when Christian laymen started a mission there.

Ethiopia was much in the news in recent years as the country attacked by the Italians before World War II, and conquered by them in the late Mussolini's mad ambition to enlarge the Roman empire. The Italian armies, with modern weapons of war, conquered the country, but the occupation was short. Haile Selassie, king of Ethiopia, fought with his armies until the cause was hopeless, then went to the League of Nations for help. Not getting it, he retired to England and after the defeat of the Italians by the British, Haile Selassie was restored to his throne.

How did the eunuch happen to be "worshipping in Jerusalem?" He was the queen's treasurer, and as such might easily have met Jews through business and financial transactions. He was what was called a "proselyte of the gate."

He could not enter into the inner temple because of being an eunuch but his devotion to the Jewish religion is proved by his journey of some 200 miles to worship in the holy city.

INDUSTRY PREDICTION
LARAMIE, Wyo. (INS)—A major chemical industry for Wyoming has been predicted by Dr. H. F. Fisk, director of the Natural Resources Research Institute at the University of Wyoming. Dr. Fisk said that, considering the trona available near Green River, and the potash and phosphate in the Leucite Hills north of Superior, it was his belief "these deposits occurring in a closely centralized area will eventually lead to a large chemical industry in Wyoming." Trona is sodium-sesqui carbonate which becomes soda ash upon heating.

Shenango Firemen To Meet Friday
The regular monthly meeting of the Shenango Township Volunteer Fire department will be held on Friday evening, March 5, in the East New Castle hall.
Plans will be discussed for the petitioning of street lights for the East New Castle and Castletown district. Discussion will take place concerning the request to be submitted for the operation of city buses to the East New Castle district. Interested citizens are welcome to attend the meeting.

Britain Faces Dollar Crisis
LONDON, March 4.—(INS)—Britain was faced today with a choice of cutting off essential imports from the dollar zone or liquidating her gold reserves.
Exhaustion of the American loan of \$3,750,000,000 leaves Britain's \$2,200,000,000 in gold as her main assets in meeting the dollar needs of the whole sterling area.
Financiers stressed that at the rate Britain has been spending money, only the Marshall Plan can save her.

Claims Arabs Are Ready To Wipe Out Jews In Palestine

Leasing J. Rosenwald, Prominent Judaism Leader, Makes Statement

NEW YORK, March 4.—(INS)—A leading anti-Zionist charged today that the United Nations Palestine partition has set the stage for the Arabs to exterminate the Jews, starting next August.

Leasing J. Rosenwald, president of the American Council for Judaism, Inc. said in an article written for Colliers' magazine that the Palestine partition decision probably has created a self-imposed ghetto for members of his race.

The former chairman of Sears-Roebuck warns that the Arabs are prepared to wipe out the Jews when Great Britain withdraws its forces.

"The (current) bomb throwing, ambushed killings and arson against the Jews in the holy land," Rosenwald says, are but guerrilla skirmishes compared to the extermination campaign the Arab forces announce for the day when Britain withdraws.

He added: "Led by Haj Amin El Hussein, the grand mufti of Jerusalem and recognized top Arab gangster of Palestine, this projected program is a fearful threat. The mufti was an active collaborator of Hitler during the late war and is well trained in the Nazi liquidation methods."

Governor Duff Is Not Daunted

Cool Reception To "Price Roll-Back" Speech Not Worrying Him

OTHER NEWS OF STATE AFFAIRS

HARRISBURG, March 4.—(INS)—The cool reception given Gov. James H. Duff's "price roll-back" speech by Pennsylvania industrial leaders and Republican chiefs failed to daunt the chief executive. Duff has received nationwide attention from his address in which he called on industry to take the lead in halting inflation by cutting prices. . . . and his closest associates are betting his contention that industry can afford to start price cutting and his attack against the steel industry's proposed price raise will become a popular theme among politicians . . . of the more than 2000 persons attending the manufacturers' meeting where he spoke, only a comparative handful made mention of the speech to Duff afterward. . . . most commented only that it was "courageous" . . . an independent thinker. Duff has never hesitated to express his opinions, however unpopular, to the group concerned.

Duff's address was the second startling pronouncement this month . . . the first was his chiding of the GOP for failing to give unqualified support to the Marshall plan. . . . Duff is endeavoring to help guide the party on the course it should take to win popular approval and serve the country under present conditions and problems. . . . he has announced several times that he is not a candidate for the presidency or any other office, but is attempting to make the best possible use of his governorship for the state and nation. . . . his speeches are aimed at suggesting plans for the Republican presidential platform to be outlined at the GOP national convention at Philadelphia in June.

Wynne James, Jr., a Bristol attorney, has Democratic endorsement to enter the congressional race in the eighth (Bucks-Lehigh) district in opposition to Cong. Franklin H. Lichtenwalter. . . . James is considered a "high type" candidate, but is given only "ghost of a chance" by his own party to upset Lichtenwalter. . . . the Republicans have 21,578 more registered voters in Bucks county and a majority of 4022 in Lehigh county. Lichtenwalter registered a majority of 17,000 votes against his opponent, Philip Starch, Allentown labor leader, during the 1947 special election to choose a successor to the late Charles L. Gerlach. . . . the overwhelming support, 2000 votes more than Gerlach had received, was attributed largely to the negative effect of the mass invasion of labor unions in an effort to defeat the Republican candidate.

James ran unsuccessfully against the late Sen. Howard I. James (R) of Bristol in 1942.

A primary battle looms in the 41st state senatorial (Armstrong-Butler) district. Incumbent Sen. Jacob W. Carr (R) Butler is being opposed by Albert R. Pechan, a Ford City dentist, allegedly supported by many Armstrong county GOP leaders. . . . Carr's opposition claims that an understanding in the district limits a senator's tenure to two terms so that the counties can alternate in sending a resident to Harrisburg. . . . Carr is serving his second term . . . and he contends he was no party to such an agreement. . . . Carr, well liked in the senate, will have the support of Butler county for re-election and is expected to sweep Armstrong county.

Oldest Hospital Adds Diagnostic Clinic For Use

PHILADELPHIA, March 4.—(INS)—The Pennsylvania hospital, oldest hospital in the United States, has set up a new diagnostic clinic to save private patients time and money in finding out what ails them.

The clinic, composed of a staff of 44 outstanding specialists, was opened officially on February 16, 1947. . . . A statement by Pennsylvania hospital concerning the development of the clinic says: "With the increasing complexity of medicine, we realize that the individual practice in many cases cannot offer the best care. An organization through which the patient might profit by the combined efforts and consultations of men expert in divers fields often would be of great benefit."

Multi-Millionaire Dies In Cleveland

John B. Raible, 74, Lived Anonymous Life; Gave Millions To Charity

CLEVELAND, March 4.—(INS)—Last rites will be held Saturday in Cleveland for multi-millionaire John B. Raible, 74, who died yesterday in Deaconess Hospital. . . . Raible, known as a man of mystery because of his passion for anonymity, was reported to have amassed a personal fortune of about 20 million dollars.

He was president of the Fanner Manufacturing Company since 1907 and from 1909 until recently had been an executive and chairman of the board of the Grief Bros. Cooperative Company. He also served on the boards of many concerns.

He had refused to have his picture taken ever since he was a young man and his desire to remain out of the limelight caused him to contribute anonymously to several trust funds and charitable organizations.

Several Feared Dead In Blast At Arcisate, Italy

ROME, March 4.—(INS)—Several soldiers were feared dead and at least fifteen persons were seriously injured when a powder factory exploded today at Arcisate, near Varese, in northern Italy. . . . The blast hurled three buildings skyward and littered the town with debris.

Rescue work was delayed by fear of further explosions, and the entire town was evacuated. Some three miles away, in Varese, the populace tensely awaited more blasts and refused to go indoors. Authorities immediately launched an investigation. They said sabotage is suspected in view of the fact that this marks the third powder factory to be blown up in northern Italy during the last few months.

DR. I. GRUEN PLANS TO ATTEND EVENT

Dr. Iwan J. Gruen, spiritual director of Temple Israel, will attend the inauguration ceremonies of the new president, Dr. Nelson Glueck, of the Hebrew Union College, to be held in Cincinnati, O., on March 12, 13 and 14. . . . Dr. Gruen will represent Temple Israel.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach, vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, lumpy, fretful, peevish, nervous, restless sleep, weakness. . . . To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing the flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula which contains special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better. . . . Avoid punishing yourself with over-doses of soda and other stimulants to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. . . . Don't wait! Join the host of happy people 888 Tonic has helped. Millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps build strong health.

Organization Of Farm Cooperative In County Complete

Directors Are Chosen And By-Laws Adopted At Meeting In Y.M.C.A. On Wednesday

Lawrence county farmers completed the organization of the Lawrence Farm Bureau Co-operative association at a meeting of its stockholders held in the Y. M. C. A. Wednesday. A charter for the new co-operative was granted by the governor of the commonwealth on January 28.

At Wednesday's meeting by-laws were adopted and a board of directors representing the eight local districts in Lawrence county. . . . Mt. Jackson district, Albert G. McConnell; Pulaski district, J. W. McClenahan; New Bedford district, J. Dale Whiting; Enon Valley district, W. B. Wallace; New Wilmington district, Lauren Thompson; Mahoning valley district, Fred E. Martin; Princeton district, Walter G. Aiken; Plain-grove district, T. Given Shaw; C. R. Martin, R. D. 3, Slippery Rock, was elected director-at-large.

Following the business meeting Anthony Lehner, former director of education of the Pennsylvania Farm Bureau Co-operative association, spoke on the need for the farmers to develop the highly complicated business of farming which, he stated, includes not only the production of farm supplies which are needed to provide the nation and world at large with food and fiber.

The Lawrence Farm Bureau Co-operative association is owned and controlled by a large number of farmers of the county who have supplied the initial capital for its operation.

Jilted Greek Girl Is Seeking \$20,000

YOUNGSTOWN, O., March 4.—(INS)—A veteran who allegedly coaxed a Greek girl to accompany him to America with promises of marriage faced a \$20,000 suit today in Mahoning County common pleas court.

The girl, Eterpi Ghoras, 33-year-old former school teacher, filed the suit yesterday charging that George D. Gianakos of Pittsburgh jilted her.

Speaks No English Miss Ghoras, who speaks a little French, but no English, claims that Gianakos brought her to the United States under federal laws which permitted veterans to bring their fiancées here, and that she "is now helpless in a land whose language she does not speak."

Plans for a wedding in October were arranged, she charged, but Gianakos called it off and asked for the return of his ring. . . . Miss Ghoras is staying with a sister, Mrs. Arthur Karavara, in Youngstown.

Kiwanians Hear Of Child Welfare Work

Program Of Rural Child Welfare Division Explained By Miss H. Hubbell Of State Bureau

How the Division of Rural Child Welfare is operating in the state of Pennsylvania was explained by Miss Helen Hubbell, chief of the division, which operates under the Bureau of Child Welfare, at a talk before members of the New Castle Kiwanis club at their noon luncheon meeting in The Castle-ton Wednesday.

Miss Hubbell explained how federal funds are made available for the hiring of trained child welfare workers to supplement the county's welfare program, in the care of dependent children. . . . Following her talk Miss Hubbell answered a number of questions in regard to the program. Results of the division two bowling tournament, which took place here Tuesday evening were reported. Clubs which participated were: New Castle, Butler, Beaver Falls, Ellwood City, New Wilmington and West Middlesex. Ellwood City club won the trophy, with West Middlesex finishing second; Beaver Falls, third, and New Castle, fourth.

British Labor To Purge Communists

LONDON, March 4.—(INS)—The London Daily Express reported today that Britain's Labor Party is planning to purge Communist elements from the trade unions and Labor Party bodies. . . . An article by the Express' diplomatic correspondent said that yesterday's speech in the House of Lords by Lord Pakenham, Labor Party spokesman, was the opening gun of the campaign. He termed the Communist seizure of power in Czechoslovakia "utterly damnable."

Ellwood City Bus Strike Unchanged

Despite the fact that the strike has been in existence five days, no apparent effort has been made yet to mediate the differences between the men and the company. The company claims the union is not in conformity with the national labor relations act, the union claims it has asked for mediation and the bus rider is still waiting. "No change" was the report today at the office of the Ellwood City Motor Coach company. Buses are still idle, drivers are still idle, and school children in Franklin and North Sewickley townships are being hauled to school in Ellwood City by private car owners. Drive slow—children move fast.

Weights, Measures Inspectors Called To State Capital

Mayors And County Commissioners In All Third Class Cities Also Invited

HARRISBURG, March 4.—(INS)—The Department of Internal Affairs today announced all county commissioners and mayors of third class cities have been asked to attend and to send weights and measures inspectors to a school for inspectors at Harrisburg March 29-April 2.

The school, the first of its kind, will familiarize local government officials and inspectors with weights and measures laws "to better protect" consumers, according to Secretary William S. Livengood.

The course will consist of "a thorough explanation of weights and measures laws, procedure and instruction in making prosecutions, and demonstration, and instruction of weighing and measuring devices, particularly scales, gasoline pumps and meters which affect everyday purchases," Livengood said.

The school will be under the direction of Joseph F. Bickley, director of the Bureau of Standard Weights and Measures, he added.

CHICAGO CELEBRATES
CHICAGO, March 4.—(INS)—Chicago became 111 years old today, but nobody seemed to care. No birthday party was planned. When Chicago was incorporated as a city in 1837, it included 10 square miles and had 4,170 residents. Today it covers 212 square miles and has 3,661,024 residents.

William Ogden, the first mayor, received \$500 a year, and the aldermen were not paid. Today the mayor gets \$18,000 a year, and the aldermen \$8,000 plus expenses.

Two Duffle Bags For Enon Valley

Mrs. Sue E. Jackson, president of the Women's Missionary Society of the Enon Valley Presbyterian church, just placed an order with County Sunday School Headquarters for two duffle bags. When these are filled they will be forwarded to the Service Center in Maryland for processing, before being sent to those in need overseas.

This active church has done remarkably well in providing overseas relief, as the Sunday School has forwarded 3 well-filled duffle bags, and this same Missionary Society has already forwarded two. This overseas relief project is being sponsored by the Lawrence County Sabbath School Association, and a large amount of clothing, shoes and other articles have been sent in during the past year.

Rental Dwellings Being Converted To Commercial Use

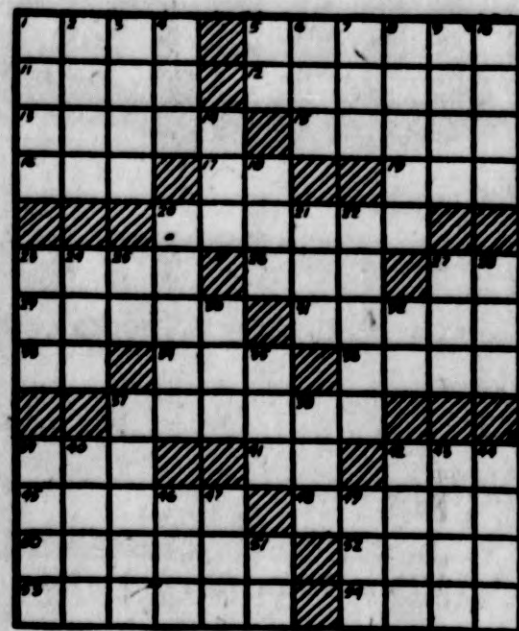

HARRISBURG, March 4.—(INS)—The Pennsylvania Real Estate Association claimed today that rental dwelling units were being converted to commercial use by owners.

President W. Mathew, of Norristown, said a survey showed that "there are more indications each day that rental units being converted into commercial use, particularly office space, because this is the only way a property owner can obtain a fair return on his investment and prevent loss of money or foreclosure."

He pointed out that should the trend continue, "decidedly fewer dwellings will be available next year."

Cleveland Wed To Three Women

PITTSBURGH, March 4.—(INS)—H. J. M. ... who gave his address as Cleveland, O., was held over in Pittsburgh Wednesday for further investigation after he admitted being married to three women at one time.

He denied forging a business partner's name to five checks totaling about \$900.

Egan who admitted to the aliases J. M. Gannon and J. M. Logan, married Eleanor C. Paskevich, McKees Rocks, last Nov. 8, he testified.

Police said he induced her to put her \$1,300 savings into a joint account, from which he drew all but \$9 and fled.

Egan admitted he has wives in Elyria, O., and Elmhurst, Ill.

Czechoslovakian Minister In Canada Resigns His Post

OTTAWA, March 4.—(INS)—The Czechoslovakian Minister to Canada, Dr. Frantisek Nemec, resigned Wednesday because his homeland has become a "fully totalitarian police state."

Dr. Nemec announced that the entire legation staff resigned with him.

(In Washington, Jura Slavik, the Czech ambassador to the United States also resigned Wednesday.)

Staff Also Resigns
Dr. Nemec, long a liberal statesman, said he intended to remain in Canada as a private citizen, and that the members of his staff planned to do likewise.

The staff members said they are going to fight for a free Czechoslovakia.

Majority Of Working "Girls" Are Now Over 35

By MARTHA KEARNEY

(N. S. Staff Correspondent)

WASHINGTON, March 4.—(N. S. Staff Correspondent)—You can't guess a woman's age, but if she's a working girl there's a 50-50 chance that she is over 35. The women's bureau of the labor department has done a statistical profile of working women in the United States which tags about half of the nation's "career girls" as anywhere from 35 years of age to over 65.

More important still, the bureau found the proportion of older women on the job constantly increasing while the number of working girls from 14 years of age to 34 is decreasing steadily.

Over Eight Million

In round numbers, more than eight million women 35 years old or older are holding jobs across the nation. More than six million women from 20 to 24 are working. In addition there are almost two million girls from 14 to 19 listed as workers although a large percentage of these girls are doing part-time work while attending school.

Women's bureau research also revealed that there are more married women holding jobs than single women. More than 46 percent of the nation's sixteen million working women are married while only 38 percent are single.

The additional 16 percent of the total number is made up of widows and divorcees.

In Clerical Jobs

More women are employed in clerical jobs, the bureau found, than in any other field. Office workers accounted for 26 percent of the total number of women holding jobs.

Women factory workers formed the second heaviest concentration of women workers. Statistics listed 22 percent of all employed women as "operatives" meaning factory employees.

Third place was a tie between domestic workers and other ser-

vice workers. Each group claimed 11 percent of the total number of working women.

The bureau found an overall increase of about three million women in the labor market over 1940's figure.

It noted that there has been an increase in the number of employed women over 64 years of age.

Heaven may protect the working girl from everything else but it hasn't stopped the women's bureau from pointing out that she is getting older all the time.

PLAIN GROVE

MISSION SOCIETY MEETS

Women's Missionary society of the Presbyterian church met at the home of Mrs. Nora Heckathorn on Thursday for an all day meeting and tureen dinner. Quilt patches were made and quilting done.

The following program was given with Mrs. Edith Gardner as leader: Topic, "Our Time and Ourselves"; devotion; prayer; Mrs. Martha McCombs and Mrs. Bertha Rodgers, "Things Missionaries Don't Tell"; Mrs. Adda Offutt, talk, Mrs. Minnie Hetrick, "Japan Prays With Us"; Beulah Hohmann; talk, Mrs. Mae Locke. Business was conducted by Mrs. Hazel Mason, president.

PLAINGROVE NOTES

The condition of Mrs. John Friend, who has been seriously ill, remains about the same.

Mrs. Annabelle Cochran was in charge of the morning service at the Presbyterian church Sunday.

Wade Lutz was admitted to the Jameson Memorial hospital and was operated on for appendicitis on Tuesday. He is improving.

Mr. and Mrs. T. S. Minor and daughter, Evalene, were dinner guests on Sunday of Mr. and Mrs. John Boyd of Slippery Rock.

Rev. and Mrs. Fred Cochran have returned from Martins Ferry, Ohio, where they were called by the death of the former's father.

Mrs. Hulda Moore of New Castle, Mrs. Hazel Black and Ellen and Mrs. Mary Elder of New Wilmington, were guests of Mr. and Mrs. Mont Minor, Tuesday.

Mrs. Agnes Minor entertained at a Tuesday afternoon meeting when Miss Emmeline Mehlman, home economics instructor from New Castle, demonstrated the making of pies and merinues. Lunch was served by the hostess, with others assisting.

Contrary to popular belief, migrating birds do not fly at great altitudes.

First Baptists To Install New Furnace

Work In Progress; Main Floor Renovated; Other Improvements Planned

At a recent meeting of the board trustees of First Baptist church bids were opened for the installation of a new furnace and boiler for the church heating plant.

The contract has been let, and preparations have already begun for putting in the furnace and boiler, which will be somewhat larger than the former heating system.

In addition, the trustees are receiving bids for a stoker to be attached to the furnace. The work will be rushed with all possible speed to a completion, to enable the congregation to return to the main auditorium for Sunday services.

On Sunday last, the Sunday school and Sunday morning service were at Scottish Rite Cathedral, and in the evening, at First Christian church, with splendid attendance. It is probable the First Baptists will be unable to occupy their main auditorium for two more Sundays.

The floor of the main auditorium has been sanded, and several coats of finishing varnish being applied, and the seats are being checked, and renovated, if necessary.

New carpet has been ordered for placing in the aisles and on rostrum of the church. Specifications are being received looking forward to up-to-date lighting fixtures for the main auditorium.

Jack McCormick

Rejoins U. S. Navy

Chief Machinist's Mate S. F. Bond of the New Castle Naval Recruiting Station announced today the reenlistment in the U. S. Navy of Jack Bernard McCormick, husband of Mrs. Jean McCormick of 302 W. Cherry street, of this city.

McCormick is a veteran of three years wartime naval service. He has been transferred to the receiving ship at Philadelphia, Pa., for classification and refresher courses in his rating. He will then be further assigned to a unit of the U. S. fleet.

Mr. and Mrs. Frank Meyers and son, Edwin, 14 South Front street, have returned from Mt. Vernon, O., where they attended the funeral of their sister-in-law and aunt, Mrs. Della Meyers, widow of Paul Meyers, formerly of this city. Mrs. Meyers was preceded in death one month ago by a son, William.

STOCK MARKET IS IRREGULAR

NEW YORK, March 4.—(INS)—Stocks drifted in irregular style today with trading again scanty.

Stock traders' interest was centered on the commodities markets, where wheat soared the 10-cent limit and other grains and cotton were strong.

Demand for grains was touched off by Agriculture Secretary Anderson's disclosure the government would re-enter the market.

Atlantic Gulf & West Indies common, a wild mover recently, rallied two points to feature early stock trades. Coca-Cola jumped more than three and United Corp. was active and higher on its earnings report.

Steels were uneven and most auto issues eased. Aircraft stocks held firm and some of the oils picked up a little ground. Irregularity prevailed in chemicals, coppers and mail orders.

Foreign bonds, particularly Norway and Denmark issues, slumped further. Curb stocks were mixed.

Major Leaguers Prep For Exhibition Grind

Many Key Performers Still Remain Holdouts

(By International News Service)

Major league baseball clubs today continued their spring weight-shedding and other conditioning processes in preparation for the approaching exhibition game stage.

Some unsigned key players have yet to put in an appearance and preferring instead to settle contract difficulties from the confines of their own homes.

George McQuinn, first baseman for the world champion New York Yankees, remains unsatisfied with the offer from the Bombers made him in his Alexandria, Va., home waiting for management to up the ante.

Stan Musial of the St. Louis Cardinals, is another first sacker with a salary gripe. Musial wants a \$3,000 raise from the Cards, which would make his salary \$38,000.

The New York Giants in Phoenix, Arizona, list shortstop Buddy Kerr as a "surprised missing man." Kerr hasn't arrived in camp as yet, but he is expected to show up soon to settle his contract difficulties.

Asking \$29,000, he is reportedly asking the Giants for \$30,000.

Meanwhile, Clint Hartung, the rookie heralded last year as a "phenom" before the season started, and who was converted to a pitcher when it became apparent that his ability in the outer garden was all, has received some additional pointers on his new position.

Former southpaw ace Dutch

Ryanstown Team To Meet Sunday

Members of the Ryanstown baseball team will meet Sunday at 2 o'clock at the home of Business Manager Andrew Cline, at 717 Simpson street, it was announced today. All of the 1947 players and others interested are asked to attend. All former players are asked to turn in their uniforms and equipment so that a check can be made of the requirements for 1948.

Reuther took the Giant righthander aside in an effort to teach him the art of throwing a curve.

Hartung, with a blazing fast ball and nothing else, won nine games last year.

The Boston Braves are going through their training paces in Bradenton, Fla., anxiously awaiting word from pitcher Johnny Sain. The big righthander who won 21 games in 1947, has not inked his 1948 pact.

Philadelphia's Athletics, getting ready at West Palm Beach, Fla., are worried over reports received on the operation that was performed on the knee of rookie star first baseman Ferris Fain.

A call has been sent out to veteran Rudy York to put in an appearance.

In Tucson, Arizona, the Cleveland Indians shifted Negro Larry Doby, an infielder, to the outfield.

Thirteen Matches For Titan Golfers

Westminster Loos Two Men From 1947 Team: Two From New Castle On Squad

NEW WILMINGTON, March 2.—Westminster college golfers will play 13 matches this spring, according to a schedule arranged by Grover C. Washburn, director of athletics. The team will again be coached by Dr. William Thomas, college publicity director.

The Titan golfers lost two men through graduation. They were Freddie Paine of Weirton, and Chal Zech of Pittsburgh. Veterans available are James Salsgiver, Petrolia, William Burke, Sharon, Fred Evansoff, Erie, William Paul, New Kensington, Richard Fuhrer, East Brady, and Jack Winters, New Castle.

Several Newcomers

Newcomers who are expected to give the older men plenty of competition for starting positions are Fred Broad, New Castle, Sid Lucas, West Middletown, and John Whitmer, Petrolia.

The schedule is:

April—14, Geneva, here; 19, Youngstown, here; 26, West Virginia, here; 30, Slippery Rock, away; 30, Carnegie Tech, here.

May—3, Grove City, away; 6, Slippery Rock, here; 8, Youngstown, away; 12, Geneva, away; 17, Grove City, here; 19, Carnegie Tech, away; 21, Allegheny college, tournament.

Penn State's track coach, Charles (Chick) Werner, is a former University of Illinois hurdler.

Suspend Swiden For Sixty Days

PHILADELPHIA, March 4.—(INS)—The state boxing commission Wednesday suspended Arthur Swiden, young Pittsburgh boxer, for 60 days and fined him \$100 for "continued fouling" in a Steel City match Monday night.

Swiden was disqualified in the eighth round of his 10-round bout with Jackie Cranford, of Washington, D. C., after repeated warnings by the referee.

The full three-man commission, headed by Chairman Leon Rains, decided upon the suspension. Commissioners George Jones and John Montgomery also attended the meeting.

Swiden's \$1000 purse which was held up pending the investigation by the commission now will be released, the commission reported.

Titan Swimmers Wallop Tartans

By a smashing 49-25 score, the Westminster swimming team walloped Carnegie Tech Wednesday afternoon in the Tartan pool.

The Titans copped five of seven individual events and split even in the relays.

First were captured by Hall (220-yard and 440 yard free style), Pitcher (50 yard free style), Wallace (100-yard free style), Holt (150-yard backstroke), and Wallace, Pitcher, Hosie and Swan (40-yard relay).

William D. Wallace, son of Dr. William Wallace of New Castle, has been named captain of the tank team for next year.

Jimmy O'Hara To Fight Grant

Six Other Sluggers To Add Action To Ronzi-Santafante Bout Here

While Rizeri Ronzi of Youngstown and San Santafante, two bemoths, are docketed for the final three-round bout March 10 in the Arena, this battle will be supported by seven others, among them some fairly good looking scraps. For instance, Jimmy O'Hara of Youngstown, who scored a TKO over Jimmy Marshall of Youngstown in the third, is matched to fight George Grant of Girard at 160 pounds.

His brother Eddie, who is an ever-punching chap, has been matched to box Jimmy Moore of Youngstown, at 160, and it also looks good. Frankie Lentine of Youngstown, who decided Bobby Sutherland, Warren, at 118 last September, has been recalled for action against Willie Epps, Girard. Lentine has taken on weight and now weighs 126.

The remainder of the seven bouts follow: Cal Hill, Youngstown, vs. Kid Charity, Warren, 147. Charity received a lacing by Bob McNalley of Ursuline High, Youngstown. McNalley plays football for Paul Cuba's Ursuline eleven. Charlie Bratton, Youngstown, boxes Tony Marianna, Niles, at 122, and Tex Martin, another always-punching lightweight, will box Freddie May, Niles, at 135. McNalley will fight Eddie Such, a good boy from Struthers, at 147. The Jefferson A. C. will promote the bouts.

Wilksburg Hi Trounces Oilers

PITTSBURGH, March 4.—(INS)—Wilksburg high today appeared to be the team to beat in the WPIAL Class-A tourney following last night's decisive 65-43 win over Freedom at the Pitt stadium.

Wilksburg is gunning for its first basketball title since 1922 and meets the winner of Thursday's Ford City-Brentwood game in the semi-finals.

The Tigers had too much height for the small Freedom squad and thus had things pretty much their own way. They led at half-time 41-21.

Alex Jaffurs, of Wilksburg, and Little Tommy Skinner, of Freedom, tied for individual scoring honors with 19 points apiece.

City Quints Win Play-Offs

Senior and junior quintets of the City Recreation League divisions copped play-off victories Wednesday, earning the right to advance into the loop tourney starting Monday.

The Sparklers of the National division senior league whipped the Station 8, 44-35, and the Penn Quakers of the Junior League nosed out the Logers, 28-26.

New Brighton Trips Bessemer

New Brighton Legion avenged an earlier defeat at the hands of the Bessemer Legion five last night at New Brighton "Y" winning 67 to 50 in a free-scoring game in which Paul Johnson of Bessemer flipped in 27 points to be the outstanding star. Dwyer of New Brighton had 24. Oliver 18 and McComb 15.

Bessemer legion will challenge the Elks-Pulaskis winner for a series for the Lawrence County championship. It was announced by Business Manager and Publicity Director Neil Mack, today.

Pulaskis Play New Kensington

Tonight at the K.P. Hall, the K. Pulaski "Big Five" will play the New Kensington Trocarinos, at 8:15 o'clock following a 7:30 o'clock prelude with the Cubs meeting a local team. Sunday the K. P. Five will play at Ford City.

Next Tuesday the K. Pulaskis will play in the East Liverpool tourney. The third game with the Elks for the city title will be played just as soon as the Elks and Pulaskis have satisfied tourney commitments.

Jackets Win in Romp

WAYNESBURG, Pa., March 4.—(INS)—It was all Chick Karmarkovich as Waynesburg downed West Virginia Wesleyan 82-43 at Waynesburg last night.

Karmarkovich, bagging 13 field goals in six fouls, set a new season scoring record for Waynesburg. His 32 points gave him a total of 357 for 19 games. He betters the mark of 346 set by Frank Janosik in 27 games in 1934.

The Jackets led at half time 37-24.

Sport Sparks

CHICAGO, March 4.—(INS)—By order of the Illinois Athletic Commission, all principals in tonight's all-heavyweight program of four 10-round boxing bouts at Chicago Coliseum will wear eight-ounce gloves instead of the customary six-ouncers.

The changeover was ordered late yesterday by Jack Elder, the commission secretary, who notified promoter Harry Mendel of the new ruling. The suspicion is that the ruling was put into effect by Commission Chairman Sheldon Clark, who returned to Chicago from Florida yesterday.

CHICAGO, March 4.—(INS)—Avery Brundage, president of the American Olympic Committee, today denied charges that it was a "terrific waste of American money" to send a second hockey team to the winter Olympic games at St. Moritz, Switzerland.

The charges were made by John D. Semple of Lynn, Mass., trainer for the United States Amateur Hockey Association, as the 13-man team arrived home aboard the Queen Mary yesterday with angry words for Brundage.

Informed of Semple's charges, Brundage declared:

"The man (Semple) is entitled to his opinion, but the whole story has been told and it now is a dead issue."

PITTSBURGH, March 4.—(INS)—An injury suffered by Frankie (Smoky) Robinson, Buffalo lightweight, today forced postponement of a bout with former champion Sammy Angott scheduled for tonight at the Aragon Gardens in Pittsburgh.

Matchmaker Jack White of the Aragon said Robinson was injured in an auto accident near Erie while en route to Pittsburgh.

The entire card had to be called off because of the loss of the main event.

SPOKANE, Wash., March 4.—(INS)—Bobby Riggs, world's professional tennis champion, defeated Jack Kramer, former amateur title holder, 2-6, 9-7, 6-3, in a hard fought exhibition match last night in Spokane.

Riggs' win left their series at 25 for Kramer and 16 for Riggs since the beginning of their national tour.

DER BINGLE ADDS THE LIGHT TOUCH TO BUC WORKOUT

HOLLYWOOD, Cal., March 4.—(INS)—The Pittsburgh Pirates hoped to get back to serious training today following a one day interruption in routine caused by the presence of Vice-President Bing Crosby.

The Buncatcher, who sings on the side for a hobby, appeared in a uniform Wednesday and played second base. Der Bingle had played second for the Ideal Laundry team in Spokane more than 20 years ago.

Manager Billy Meyer announced that while he was pleased with Crosby's performance, he still intends to go along with Monty Basgall at second.

Elks Will Play Conneaut Friday

The Elks Club basketball team will play at Cortland, Ohio, Friday night in the opening of the annual tourney, meeting the strong Conneaut, Ohio five, it was announced today by Business Manager Austin Cowmeadow.

The Elks have been idle since last Saturday when they were upset by New Brighton, following their trouncing of the K. Pulaskis, Friday night.

The series "rubber game" with the Pulaskis will be resumed in a week or two, the Elks committee announced.

For the second straight year, Penn States will play a nine-game football schedule in 1948.

FRIDAY night's shotgun blasts caused crows to desert their Hillville-Edenburgh rookery and settle at night at the Erskine quarry, in the Lowellville district, according to President Herman Steinbrink of the Lawrence County Sportsman's Association. The county association of coon and fox hunters plan a second assault this week, the exact date to be named today. The crow is the smartest bird in North America, but he has few friends and no law to protect him. With the world against him he thrives and increases. Extremely cunning, he is a natural thief and a sly trickster. Farmers and hunters often list him as "wildlife enemy, number one". He pulls up sprouting corn, steals the eggs of domestic and wild birds and he kills and eats the young of the smaller game birds and animals. He is an omnivorous eater, doing much good, too, by feeding on grubs and insects. He operates in company with others of a feather, one of whom acts as sentinel to warn his pals of approaching danger. Crows gather at roosts and rookeries by the hundred, and sometimes by the thousand. They may migrate southward in winter as much as several hundred miles. It is difficult to exterminate the pest. With all his enemies over the years, the crow today is more numerous in Pennsylvania than in the time of the Pilgrim, hence the efforts of local hunters to kill off as many as possible of the black marauders.

Charles B. Sinutko, police sergeant at the U. E. & F. company, and a former wrestler, reports that Jack Biddle fought a 10-round draw in a Virginia city several nights ago. Jack took the fight on a day's notice. The name of his opponent is not known to Sinutko. Back in the 30's, Sinutko was quite a grappler. He wrestled while with the 33rd Infantry at Fort Slocum and Fort Hayes and among matmen he met were Kid Roberts, Cleveland; Patty O'Brien, Youngstown; Eddie Cox, collegiate champion of Lehigh U.; Frank Terrian, Sewickley Y. and Homer Smith of Thiel. On one of the clippings Sinutko displayed, there is an account of Ray Eberle's defeat by Custy Morini at Beaver Falls. Ray later became the announcer at the Jolly bowl. He is the chap who was immaculately attired and did a little jig before he uttered the words that raised one boxer and lowered the other. Custy was a hard-hitting amateur of Koppel. . . . Tony Adamo of Mahoningtown, former amateur, appears in splendid physical condition. He fought some good amateur fights at the bowl. He is now married and the father of several children.

Cal Hubbard, one of the best known umpires in America, will conduct a baseball umpires school in Beaver County, commencing March 10. The course will run several weeks. . . . Ted Springer, former Second U. P. basketball player is at St. Petersburg. He attended the open golf tourney, following his favorite player, Ben Hogan. He reports the Cards and Yanks opened their camp Monday. He witnessed Umberto Sierra lose to Featherweight Champion Willie Pep in the tenth round on a TKO. . . . Johnny Locisano told Here & There Monday evening via telephone that "I was just getting ready to consider Billy Pozza fighting Elkins Brothers when he broke a bone in his right hand. Now he is on the shelf for two months. His hand is in a cast." There are some who believe Pozza is the man to check Brothers. Others think differently. It would be an interesting fight and one that would pay nice dividends. In the meanwhile, fans will have to be satisfied with a slugfest March 10, between Big Sam Santafante of Lowellville and rough Rizieri Ronzi of Youngstown.

MIAMI has not yet recovered from El Mono (Little Monkey) taking the Widener event one week ago Saturday, with Armed and Assault, coming in fourth and fifth. Some people bet their all, and were wiped out, says a letter from Mrs. Jack Herbert, a New Castle woman now in Miami. She writes she was told tears were many. "I hope they retire Armed. They ran the legs off him this winter. Let Citation, who is Armed's half-brother do some racing now, and a 3-year-old, Cositown, will beat them all" she opines. . . . Russell Baxter, local middleweight, dropped a split decision to Dick Smith of Oklahoma City. In an eight round bout in Chicago, several nights ago. Baxter had Smith down in the second and eighth rounds. When the points were tallied they showed two judges voted 40 points for Smith and 39 for Baxter. The referee gave Baxter 40 points and Smith 39. They'll fight a return bout in Oklahoma City soon, according to Merle Richards of Detroit, who is handling the local boxer. . . . Buck Voskuhl is able to be around after undergoing a siege in Deshon hospital. Butler. He is the horse academy proprietor. . . . If you are a girl, and are interested in playing pro baseball, write for a try-out to Charles N. Schuler, 138 East Eighth street, Allentown. The school will be held in late March and the successful ones will get a trip to Cuba, expenses paid, and a chance of a contract in the 10 club All-American league. . . . Jack Herbert, aquatic star, who once swam across Conneaut Lake with his hands and feet tied, will be leaving Miami's Indian Creek Country club pool to resume his duties as lifeguard at New Wilmington pool in May, he writes. . . . Johnny Izzo, rugged Seventh ward middleweight, who outpointed Julian Keene of Washington, in The Arena, February 25, in a six-round bout, has established himself in a camp near Kane and is training for a Pittsburgh bout next week.

Mission To Start At St. Michael's

Two Weeks Mission Will Be Conducted By Missionary To Give Special Sermons

A two-weeks mission at St. Michael's church will start on Sunday morning, March 7, and continue through the week of Sunday, March 14. The mission will close on Sunday, March 21.

The first week of the mission starting on Sunday, March 7, will be conducted in Slovak, by Rev. Fr. Francis Duchala, O.F.M., of the Holy Family Monastery, at Avalon, Pa.

The second week of the mission will be in English, and on Thursday, Friday and Saturday of that week, there will be a Children's mission conducted.

A holy mass will start each day of the mission, and continue with a second mass. Short instructions will follow the mass during both weeks.

In the evenings, services will be at 7:30 o'clock, and include instructions, rosary and mission sermon.

The mission week in Slovak will end on Sunday, March 14, at 3 p. m. The English mission week will start Sunday evening, at 7:30 o'clock.

Rev. Fr. William M. Pisarek, pastor of the church, urges all parishioners and others interested to benefit in special indulgences by attending the mission.

German Princess Is Under Arrest

U. S. Military Pick Up Princess Olga Von Weid For Harboring Nazi Top Woman

FRANKFURT, March 4.—(INS)—Princess Olga von Wied, 71, known as the "cigar-smoking princess" was arrested today by U. S. Military government officials on charges of having sheltered hunted Nazis.

Princess Olga, military government official said, illegally harbored Hitler's top ranking woman leader, Gertrud Scholz-Klink Heilmeyer, on her estate for two years. During that time Frau Heilmeyer was presumed to have aided Hitler in his Berlin air-raid shelter. Arrest of Frau Heilmeyer last Saturday revived speculation as to Hitler's real fate.

Princess Olga was taken from her castle at Bebenhausen, near Stuttgart, to the Ludwigsburg internment camp.

BIG DAM DATA

PITTSBURGH, (INS)—Just a whirl at statistics: A huge, 108,000-kilowatt water wheel generator, the largest in the world now being constructed for the Grand Coulee Dam project, requires, among other things: approximately 750 tons of steel; more than 100 miles of copper wire; innumerable pounds of bolts, nuts, washers and screws. And it will take a train of 30 cars to ship the huge generator to Grand Coulee for assembly and installation.

WHISPERING CAMPAIGN

LONDON, March 4.—(INS)—Reuters reported from Helsinki today that communists have started a "whispering campaign" alleging a rightist conspiracy against the government.

The dispatch said the rumors are being spread in factories. They recalled similar charges made in Czechoslovakia just before communist "action committees" began their purge of rightists.

TENT HALL

KUHN-SPELLICK

Miss Marian Kuhn, daughter of George V. Kuhn and the late Mrs. Ethel Kuhn became the bride of Albert Spellick, son of Mr. and Mrs. Daniel Spellick, both young people of this community.

The marriage ceremony was performed Wednesday evening at 7:30 in the bride's home. Rev. Harry Johnson, of the Edenburgh Methodist church, performed the single ring ceremony, before the mantel piece in the living room, which was banked with ferns and palms, white calla lilies being the centerpiece with white candles on either side. The bride was lovely in a navy blue tailored suit with matching accessories, and a corsage of white roses.

Emma Grace Kuhn, sister of the bride was her only attendant, and wore a gray tailored suit, with yellow corsage and head band to match. Jerry Spellick brother of the groom was his best man. Only the immediate families witnessed the ceremony.

Following the ceremony a reception was held for close friends and the family. Pouring were the brides' aunts, Mrs. Ferdie Book and Mrs. Merin Feiger, Mrs. G. B. McCrory another aunt served the guests with refreshments. Mrs. Clarence Campbell, also an aunt.

newlyweds left for a trip to New York City, to be gone a week. The bride is a graduate of Union High School and has been employed at the Powder Works. The groom is employed at the Sharon Steel plant, in Lowellville.

LINEN SHOWER

Mrs. Clarence Campbell, Mrs. G. B. McCrory and Mrs. Frank Kuhn entertained Monday evening for Marian Kuhn, whose marriage to Albert Spellick was Wednesday. The lovely linen shower was held at the home of Mrs. Campbell. During the evening various games were enjoyed, after which the guests were seated at a beautifully decorated table in the dining room for a lovely lunch.

Marian was then taken to the living room where a number of balloons were suspended from the chandelier and she punctured each one and inside was concealed a note telling her where to look for a package, and it afforded a great deal of amusement until all the gifts were found.

HONOR BRIDE TO BE

Saturday afternoon a 1 o'clock luncheon was held at the home of Mrs. Harry Kretzer and Mrs. Clarence Steese, who was assisted in entertaining by Mrs. Elmer Baird, for Anna May Munn, whose marriage to Edward Taylor of Youngstown will be an event of March 6. A bridal setting afforded the centerpiece of the table while place

cards were miniature wedding cakes. During the afternoon a number of guessing contests were enjoyed after which the bride-elect was presented an array of beautiful packages, and she was asked to guess the contents of each, if she failed the donor asked her a foolish question. She received a number of useful linens for her new home.

TENT HALL NOTES

Mr. and Mrs. Joseph J. Kuhn left by auto Wednesday morning for a vacation at Lake Alfred, Fla.

Friends of Gus List will be sorry to learn it was necessary for him to have more of his limb operated on this week at the Youngstown hospital where he has been a patient.

Walter Graham is in the Youngstown hospital where he underwent an operation last week for a kidney condition.

Mrs. John Zelina was able to return home from the Youngstown hospital and is slowly recovering from her recent illness.

The men of the community are being entertained at supper in the C. L. Carlisle home Friday evening. Mrs. Harry List is in the Jameson hospital, having submitted to an operation Thursday.

Mr. and Mrs. Elmer Baird motored to Washington county Sunday and visited their uncle, Charley Baird, who is recovering from a fall.

Mrs. Harry Kretzer and Mrs. Clarence Steese called Sunday aft-

ernoon on their aunt, Mrs. Margaret Callender at the Stunkard nursing home, New Castle. Mr. and Mrs. Clyde Moore and Mrs. Roy McBride visited their uncle in Washington county Thursday.

NEED TWENTY MILLION GARDENS IN 1948

"Arm chair gardening" may be the easiest kind to do, but a few evenings spent with seed catalogs and pencil and paper may help you have a better garden this summer.

To increase our own food supply so that we can maintain our present high standard of living and at the same time share food with starving people, the United States Department of Agriculture has set a goal of twenty million Freedom gardens for this year.

A well-planned garden not only improves the family nutrition but it also gives a boost to the budget. Vegetables fresh from the garden are hard to beat in eye and taste appeal. The surplus of these vege-

Severe malnutrition is not often found in Pennsylvania, yet there are many cases of nutritional deficiencies that could be eliminated with a more protective diet. Green and yellow vegetables and tomatoes are among the protective foods.

Plan your garden so that you may harvest protective foods from early spring to late frost. Include some leafy green vegetables, such as kale, endive, chard, cabbage, lettuce, spinach, broccoli, and Brussels sprouts. You will want yellow turnips, carrots, squash, and sweet potatoes for yellow vegetables. Tomatoes, beets, peas, lima beans, snap beans, cauliflower, cucumbers, green peppers, yellow sweet corn, and onions help to complete the list of protective vegetables for your garden. There are many other vegetables you can plant if you have space for them.

A few herbs, such as parsley, dill, sweet marjoram, basil, thyme, sage, and summer savory take little space, yet add much in the way of flavor to meals planned around your vegetable garden.

Methodist District Conference Planned At Epworth May 21

Grove City District Ministers And Laymen Will Assemble For Guidance Conference

Ministers of the Methodist church of the Grove City District, along with strategic laymen, including Church school superintendents, adult youth leaders and other officials of the churches will assemble in Epworth Methodist church on the East Side for an important conference on May 21. Announcement was made of the meeting by Dr. Thomas Morris, superintendent of the Grove City District of the Erie Conference at the meeting of the New Castle Ministers sub-district on Monday at the Y.M.C.A.

The day long meeting will give the pastors and laymen an opportunity to bring in their church

problems and to discuss them frankly with their fellow ministers and their district superintendents. Methods of submitting financial reports will be among the important discussions to take place at the session. A dinner program is planned for the evening, when an outstanding missionary from India will be present to address the gathering.

Library Balance

Shows \$24,650.71

W. A. Moore, controller for the city, has examined the accounts of the New Castle Public Free library, and reports a balance of \$24,650.71, as of January 1, 1948. As of January 1, 1947, there was a balance of \$34,765.17, and receipts during the year amounted to \$34,031.85, which, less disbursements left a balance of \$24,650.71. The disbursements last year amounted to \$44,146.31 of which \$18,221.68, was for salaries and wages. Fines amounted to \$1,118.84, and donations, \$3,377.79.

CLEAN-UP AND REPAIRS PLANNED

Clean-up and repairs at Cascade Park are proposed by Superintendent C. C. Coulthard. The work will get under way March 16. He reports that several bridges must either be repaired, or replaced. An inspection of the structures will be made by the city engineer according to Parks Director Joseph D. Alexander.

AWARD HOSPITAL CONTRACT
WASHINGTON, March 4.—(INS)—Army engineers awarded a general construction contract for a 200-bed veterans hospital at Altoona, Pa., to Mellon-Stuart Co., Pittsburgh, for \$5,021,150. The Otis Elevator Co., of Philadelphia, got the elevator installation contract for \$162,845.

Southwestern Indians were the pioneer irrigationists of this country.
